SUPPLEMENT :—

Resolution of the Government of India regarding execution of certain classes of deeds and contracts in the Madras Presidency.

Notification authorising Mr. Ernest S. C. Clarke of Woodbriar Estate, Devarshola, to witness the execution of labour contracts (Tamil), (Canarese) and (Malayalam).

Notification authorising Mr. John Elphinston of Wentworth Estate, Cherambadi, to witness the execution of labour contracts (Tamil), (Canarese) and (Malayalam).

PUBLIC DEPARTMENT

LEAVE

No. 410.—Mr. Henry Moberly, I.C.S., privilege leave for six weeks from or after the 23rd August 1909, under article 260 of the Civil Service Regulations.

SERVICES REPLACED

Ootacamund, July 29, 1909.

No. 411.—The services of Major William Wesley Clemesha, I.M.S., are replaced at the disposal of the Government of India in the Home Department with effect from the 25th July 1909.

APPOINTMENTS.

Ootacamund, July 28, 1909

No. 412.—Major Thomas Henry Symons, I.M.S., on relief by Major Pulteney Charles Gabbett, I.M.S. to act as Professor of Biology, Medical College, Third Surgeon, Government General Hospital, and Superintendent, Voluntary Recorded Hospital, Madras, during the employment of Major William James Niblock, I.M.S., on other duty or until further orders.

No. 413.—Civil Assistant Surgeon Varghese Varghese to act as District Medical and Sanitary Officer, South Canara, during the employment of Captain Thomas William Harley, I.M.S., on other duty or until further orders.

Ootacamund, July 30, 1909.

No. 414.—Mr. Percy Abbey Beety, on return from leave, to act as District and Sessions Judge, South Arcot, during the absence of Mr. H. Moberly on leave or until further orders.

Ootacamund, July 31, 1909.

No. 416.—Captain William Keith John Scroggie, I.M.S., to be District Medical and Sanitary Officer, Guntur, with effect from the 23rd October 1908, *vice* Major H. St. J. Fraser, I.M.S., placed on the half-pay list.

No. 416.—Captain John Forrest, I.M.S., to be District Medical and Sanitary Officer, Guntur, with effect from the 22nd October 1908, *vice* Captain W. R. J. Scroggie, I.M.S., posted permanently to the Ganjam district in Public Department notification No. 25, published in Part I of the *Fort St. George Gazette* of the 12th January 1909.

No. 417.—Captain John Warwick Illius, I.M.S., to be District Medical and Sanitary Officer, Guntur, with effect from the 1st May 1909, *vice* Captain J. Forrest, I.M.S., posted permanently to the Kistna district in Public Department notification No. 270, published in Part I of the *Fort St. George Gazette* of the 18th May 1909.

MARRIAGE LICENSE.

Ootacamund, July 27, 1909.

No. 418.—Under section 8 of the Indian Christian Marriage Act, 1872, the license granted under the said section to the Rev. Saunder Andrew of the American Baptist Mission, Kistna district, on the 20th November 1896, is hereby revoked.

NOTIFICATIONS.

Ootacamund, July 20, 1909.

No. 419.—The Governor in Council again desires to impress on officers of all departments who have occasion to tour their obligation (i) to pay the full market value of all supplies and (ii) to ensure that the money reaches the hands of the actual supplier.

2. To this end the rules which have been laid down in Board's Standing Order No. 113 for the guidance of Collectors and other District Officers under the Board of Revenue, and are printed as an annexure will be communicated to all heads of departments concerned (other than the Board of Revenue) and by all such heads of departments to all touring officers under them.

3. The Board of Revenue will again draw attention to the rules.

ANNEXURE.

Extract from the Standing Orders of the Board of Revenue.

113. *Supplies to Government officers on circuit.*—The following rules have been promulgated by Government for the guidance of Collectors and other District Officers in the matter of supply of provisions to them during their tours :—

(1) While it is the duty of the monigar of a village to find supplies for the Collector or any other District Officer when camping near his village, or for any traveller, on payment, every District Officer, and the Collector and his Divisional Officers in particular, should take every precaution in their power to see that the monigar of the village near which any one of them may halt is always paid in full for every article supplied by him.

(2) If a Collector intends to halt for a few days at any village, the proper plan to be followed is for him to order the Tahsildar of the taluk to send a takid to the monigar of that village informing him of the date of his arrival and ordering him to be in attendance on the arrival of the Collector's camp in order to supply what is immediately wanted, and also to learn from the Collector's servants what kinds and quantities of supplies will be required daily. The takid should also contain instructions to the monigar to complain to the Collector promptly if he is not paid for the Articles supplied by him.

(3) Every Collector or other District Officer is expected to be able to prevent his own servants and peons from obtaining articles in his name without paying for them. The best way of securing this end is to insist on a written order being given by his servant for everything wanted. These orders will serve as vouchers in support of the monigar's bill, and if the officer himself ascertains from the monigar whether he has been paid in full or not, before he leaves the village, there will be little room for any complaints of a Collector's progress through his district being a source of loss and

annoyance to the villagers of the villages where he may halt, while the custom of prompt payment for supplies will certainly tend in their more ready production. Similarly, subordinate officials indenting on the monigar for supplies should only be supplied on written requisitions.

Ootacamund, August 3, 1909.

No. 420.—Under the explanation to section 25 of the Negotiable Instruments Act, 1881 (Act XXVI of 1881), the Governor in Council is pleased to declare that in addition to the public holidays expressly defined as such in the said explanation, viz., Sundays, New Year's day (Friday, the 1st January 1909), Good Friday (Friday, the 9th April 1909), and Christmas day (Saturday, the 25th December 1909), the following days shall be public holidays in the year 1909:—

Tuesday, August 31st	1909	Avani Avittam.
Monday, September 6th	"	Sri Jayanthi.
Saturday, September 18th	"	Vinayaka Chathurthi.
Wednesday, October 13th	"	Mahalaya Amavasya.
Saturday, October 16th	"	Ramzan.
Saturday, October 23rd	"	Ayudhapuja.
Thursday, November 11th	"	Dipavali.
Monday, December 27th	"	Christmas.
Tuesday, December 28th	"	
Thursday, December 30th	"	
Friday, December 31st	"	

2 The Governor in Council further notifies that on the following days which are not declared to be public holidays under statutory provision, all public offices at the Presidency town and in the mufassal, with the exception of—

(1) the Sea Customs Office,
(2) the Reserve and Currency departments of the Accountant-General's Office,
(3) the General Stamp Office (to be open from 11 A.M. to 1 P.M.),

will be closed:—

Friday, December 24th, 1909
Wednesday, December 29th, 1909

No. 421.—The following notifications of the Government of India are republished:—

ARMY DEPARTMENT.

Simla, the 16th July 1909

VOLUNTEER CORPS.

APPOINTMENTS, PROMOTIONS AND RESIGNATIONS.

Madras Volunteer Guards.

No. 682.—Lieutenant Harold Greenwood Ogden to be Captain, *vice* H. C. A. Goudall, transferred to the Supernumerary List. Dated 3rd April 1909.

MEDICAL DEPARTMENT.

No. 996.—The following is published for information of officers of the Indian Medical Service:—

The Right Honourable the Secretary of State for India, in communication with the Army Council, has decided that service in the South African War in the capacity of a civil medical practitioner, shall, in the case of no officer afterwards admitted to the Indian Medical Service, reckon towards service for Indian pension. Officers who wish to claim the concession, but who have not yet established their claims thereto, should submit their applications for verification through the usual channel, stating the period of their service in South Africa, and the capacity in which they served during the operations.

A. G. CARDEW,
Ag. Chief Secretary.

JUDICIAL DEPARTMENT.

APPOINTMENTS.

Octacamund, July 27, 1909.

No. 443.—M R Ry Nuggehalli Ramanuja Aiyangar Avargal, Deputy Superintendent of Police, posted to Bhadrachalam sub-division, Godavari district

Octacamund, July 30, 1909.

No. 444.—M.R Ry. Nyayapathi Rangaandhu Rau Avargal, Deputy Superintendent of Police, posted to Nandyal sub-division, Kurnool district.

INVESTITURE OF POWERS

Ootacamund, July 27, 1909.

No. 449.—Under section 12 of the Code of Criminal Procedure, 1898, the undermentioned officer is appointed to be a Magistrate of the first class, and under section 37 he is invested with all the powers specified in the fourth schedule as powers which the Government may confer on a Magistrate of that class, except the power to try cases summarily under section 260:—

M.R.Ry. Devanhalli Bokkasam Venkatasubba Rao Avargal, Deputy Collector, in the district of Chingleput.

No. 450.—Under section 357 of the Code of Criminal Procedure, 1898, the undermentioned officers are authorized to take down the evidence of witnesses with their own hand in the English language:—

M.R.Ry. Vasudeva Balakrishna Pillai Avargal, First-class Magistrate, in the district of Madura.

Ootacamund, July 30, 1909.

M.R Ry. Devanhalli Bokkasam Venkatasubba Rao Avargal, First-class Magistrate, in the district of Chingleput.

Ootacamund, July 20, 1909.

No. 451.—The Governor in Council is pleased to appoint the undermentioned person to be a Special Magistrate for the town specified opposite to his name, with the powers and subject to the terms and conditions specified in notification No. 205, dated 23rd May 1898, and in notification No 335, published in the *Fort St. George Gazette*, dated 1st September 1891, as amended by notification No 75, dated 25th February 1898:—

M.R.Ry. Gosi Parappa Gare—Hospet, in the district of Bellary.

No. 452.—Under the provisions of section 22 of the Code of Criminal Procedure, 1898, the Governor in Council is pleased to appoint Mr. Duncan Royston Matheson, I.C.S., to be a Justice of the Peace within and for the territories administered by the Governor in Council of Fort St. George, exclusive of the Presidency town.

No. 453.—Under section 37 of the Code of Criminal Procedure, 1898, the undermentioned Magistrates of the second class in the district of Godavari are empowered to pass orders as to first offenders under section 562:—

M.R Ry. Vellari Sree Padmanabha Raju.
M.R.Ry. Nandyala Rangnayakachari
M.R Ry. Tayi Subba Rao Nayudu

Ootacamund, July 30, 1909

No. 454.—Under section 192 of the Madras Estates Land Act, 1908 (I of 1908), and section 138 of the Code of Civil Procedure, 1908 (Act V of 1908), the Governor in Council is pleased to direct that the undermentioned officer shall, in cases in which an appeal is allowed under the Madras Estates Land Act, 1908 (I of 1908), take down the evidence with his own hand in the English language —

M S *Ry.* Devanhalli Sokkanna Venkatasubba Rao Avargal, Revenue Divisional Officer, Chingleput.

NOTIFICATIONS.

Ootacamund, July 24, 1909.

No. 441.—In exercise of the powers conferred by section 8 of the Indian Petroleum Act, 1899 (VIII of 1899), and in supersession of all previous notifications on the subject, the Governor of Fort St. George in Council, with the previous sanction of the Governor-General in Council, is pleased to make the following rules for the importation, possession and transport of petroleum in the Presidency of Madras :—

CONTENTS.

PART I

PRELIMINARY.

RULES.

1. Definitions.

PART II.

POSSESSION AND TRANSPORT OF PETROLEUM.

CHAPTER I.—OF POSSESSION OF PETROLEUM.

1. Smoking prohibited.
2. Supervision of operations within installation or storage shed.
3. Cleanliness of installation.
4. Supply of sand or dry earth in installation.
5. Marking of capacity of tanks.
6. Protection from lightning.
7. Testing of lightning-conductor by licensee.
8. Official testing of lightning-conductor.
9. Time for work in installations or storage sheds.
10. Closure of pipes and openings.
11. Material for storage sheds.
12. Posting up of rules and conditions.

CHAPTER II.—TRANSPORT OF PETROLEUM.

1. Conditions of carriage of petroleum in bulk by water.
2. Petroleum in bulk on barges or flats.
3. Inflammable cargo, or passengers.
4. Towage of barge or flat carrying petroleum.
5. Towage of additional barge or flat carrying inflammable cargo.
6. Exemption of petroleum having a flashing point above 150°.
7. Cleaning of compartments.
8. Hatches to be kept closed.
9. Loading and discharge.
10. Naked lights, fire or smoking prohibited.
11. Flag to be carried.
12. Loading and unloading by night.
13. Validity of licence granted in another Province.
14. Transport by sea of petroleum which has not been tested.
15. Transport by sea of petroleum which has been tested.

CHAPTER III.—GENERAL PROVISIONS RELATING TO LICENCES.

1. Applications for licenses.
2. Licensing authority.
3. Refusal of licence.
4. Forfeiture of licence.
5. Part colours of licence.

CHAPTER III.—GENERAL PROVISIONS RELATING TO LICENSES—*contd.*

RULES.
5. Renewal of licenses.
7. Supply of rules to licensee.
8. Procedure on death or disability of licensee.
9. Loss of license.

CHAPTER IV.—LICENSES FOR THE POSSESSION OF PETROLEUM.

1. Continuance of license.
2. Petroleum not in bulk other than dangerous petroleum.
3. Dangerous petroleum not in bulk.
4. Dangerous petroleum not exceeding forty gallons.
5. Transfer of certain licenses.
6. Possession of dangerous petroleum in receptacles containing more than forty gallons each.
7. Storage in major installations.
8. Storage in minor installations.
9. Dangerous petroleum for use on motor-vehicles.
10. Particulars to be given in applications for licenses for the possession of petroleum other than licenses under rules 4 and 9.
11. Certificate of safety to be furnished.
12. Particulars to be given in applications for licenses under rules 4 and 9.
13. Storage by port authorities.
14. Storage in an installation or storage shed erected on land belonging to port authorities.

CHAPTER V.—OF LICENSES FOR THE TRANSPORT OF PETROLEUM.

1. General licenses for the transport of non-dangerous petroleum.
2. General licenses for the transport of dangerous petroleum.
3. Effect of general licenses.
4. Pass for transport of petroleum.
5. Special licenses for the transport of petroleum other than dangerous petroleum.
6. Special licenses for the transport of dangerous petroleum.
7. Effect of special licenses.
8. Particulars to be given in applications for special licenses.
9. Transport of dangerous petroleum by motorists otherwise than as a motor-vehicle.

CHAPTER VI.—FEES.

1. Method of levying fees.
2. Fees for licenses for possession of petroleum.
3. Fees for licenses for transport of petroleum.
4. Fee for licenses granted for unexpired portion of an original license.
5. Fee for duplicate licenses.

PART III.

IMPORTATION OF PETROLEUM.

1. Ports of importation.
2. Declaration by master of ship carrying petroleum or by the ship's agent.
3. Delivery of certificate.
4. Certificate and declaration to be forwarded to Chief Customs-officer.
5. Delivery of samples.
6. Selection of samples.
7. Sealing of samples and forwarding the same to testing officer.
8. Methods of test.
9. Averaging results of tests.
10. Procedure when tests show want of uniformity.
11. Procedure on report.
12. Report of testing officer.
13. Fee for testing.
14. When a ship carrying petroleum may anchor at ordinary anchorage.
15. Exception in respect of petroleum declared dangerous which is not in excess of forty gallons.
16. When a ship carrying petroleum must anchor at a special anchorage.
17. Petroleum referred to in rule 16 not to be landed until it has been tested.
18. Landing of petroleum in anticipation of the testing officer's report.
19. Landing of petroleum in bulk.
20. Landing of petroleum otherwise than in bulk.
21. Transhipment of petroleum.
22. Import licenses how obtainable.
23. Petroleum comprised in ship's stores.
24. Petroleum having a flashing point above 150°.

FORMS.

RULES UNDER SECTION 9 OF THE INDIAN PETROLEUM ACT, 1899, FOR THE IMPORTATION, POSSESSION AND TRANSPORT OF PETROLEUM IN THE PRESIDENCY OF MADRAS.

PART I.—PRELIMINARY.

Definitions.

1. In these rules,—

(a) "Part" means a Part of these rules;

(b) "certificated petroleum" means petroleum certified to be non-dangerous petroleum by a certificate of such description as the Governor in Council may, from time to time, by written order, prescribe, granted at the port of shipment;

(c) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle;

(d) "installation" means a place specially prepared for the storage of petroleum in bulk, or for bulk combined with non-bulk storage, and may be either a major or a minor installation;

(e) "major installation" means an installation—

(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons, or

(2) in which tin-making operations are carried on;

(f) "minor installation" means an installation—

(1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons, and

(2) in which no tin-making operations are carried on;

(g) "storage shed" means a building used for the storage of petroleum otherwise than in bulk, and may or may not form part of an installation;

(h) "protected works" includes buildings in which persons dwell or assemble, docks, wharves, timber yards, other petroleum stores, and any other place not forming part of an installation, which the Governor in Council may by notification declare as such;

(i) "testing officer" means the testing officer appointed by the Governor in Council under section 16 of the Act for any port at which petroleum may be imported under these rules;

(j) "motor-vehicle" means any vehicle or vessel propelled by a motor, in which petroleum is used as fuel; and

(k) "owner," as applied to a motor-vehicle, includes a person who hires, or is otherwise entitled for the time being to use or work a motor-vehicle.

PART II.—POSSESSION AND TRANSPORT OF PETROLEUM.

CHAPTER I.—POSSESSION OF PETROLEUM.

Smoking prohibited.

2. No smoking shall be permitted inside any installation or storage shed.

Supervision of operations within installation or storage shed.

3. All operations within any installation or storage shed shall be conducted under the supervision of a responsible agent or supervisor.

Cleanliness of installation.

4. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature, vegetation and rubbish.

Supply of sand or dry earth in installation.

5. A supply of sand or dry earth shall always be kept in an installation for the purpose of extinguishing fire.

Marking of capacity of tanks.

6. The capacity in gallons of every tank in an installation shall be conspicuously marked on it, and shall be calculated at the rate of 6·25 gallons per cubic foot.

Protection from lightning.

7. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which in so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.

Explanation.—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building not forming part of the installation, and if it is surrounded by a wall, or embankment, or sunk in an excavation, the enclosure thus formed being sufficient to contain the whole contents of the tank or receptacle.

Testing of lightning conductor by licensee.

8. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the Chief Inspector of Explosives may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.

Official testing of lightning conductor.

9. Any officer appointed by the Governor in Council in this behalf may enter any installation for the purpose of testing the efficiency of the conductor, at any time after sunrise and before sunset.

Time for work in installations or storage sheds

9 No installation or storage shed shall be open, and no work in any installation or storage shed shall be permitted, between sunset and sunrise, provided that in cases where electric lighting is exclusively used, night working may be permitted by the Governor in Council on the recommendation of the Chief Inspector of Explosives.

Closure of pipes and openings

10. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications which are required under rule 10 of Chapter IV of this Part, to be submitted with the application for a license.

Material for storage sheds.

11. All storage sheds in an installation shall be built of uninflammable material.

Posting up of rules and conditions.

12 There shall be hung up in a conspicuous place in every installation and storage shed for which a license has been granted, copies in English and the vernacular, of the rules contained in this Chapter, and of the conditions endorsed on the license

CHAPTER II.—TRANSPORT OF PETROLEUM

Conditions of carriage of petroleum in bulk by water

1. Petroleum in bulk shall not be carried by water except on a ship certified as suitable for the carriage of petroleum in bulk by an officer appointed by the Governor in Council in this behalf, and the petroleum shall be stowed in such part of the ship and in such manner as may be approved, by general or special order, by the authority so appointed.

Petroleum in bulk on barges or flats.

2. Petroleum in bulk shall not, except with the sanction of the Governor in Council, be transported on any barge or flat which is not towed by a steamer or motor tug

Inflammable cargo, or passengers.

3. No ship shall carry petroleum in bulk which carries at the same time passengers, or any inflammable cargo other than petroleum and its products.

Towage of barge or flat carrying petroleum.

4. No steamer carrying inflammable cargo other than petroleum and its products shall tow a barge or flat carrying petroleum in bulk

Towage of additional barge or flat carrying inflammable cargo.

5. No steamer towing a barge or flat carrying petroleum in bulk shall at the same time tow any other barge or flat carrying inflammable cargo other than petroleum and its products

Exemption of petroleum having a flashing point above 150°.

6 Rules 4 and 5 of this Chapter shall not apply when the petroleum carried in bulk has a flashing point above 150° Fahrenheit.

Cleaning of compartments.

7. When any ship has discharged petroleum in bulk, the oil compartments shall be thoroughly cleaned and freed from petroleum and petroleum vapour, before any other cargo or passengers are taken on board.

Hatches to be kept closed.

8 The hatches of oil tanks in all ships certified under rule 1 of this Chapter as suitable for the carriage of petroleum in bulk, and the man-holes in the hatches, shall be kept closed (except in so far as it may be necessary to open them to take on board or discharge petroleum or to clean tanks), so long as there is petroleum in the tanks, and until the tanks have been thoroughly cleaned and freed from petroleum and petroleum vapour

Loading and discharge.

9. No petroleum in bulk shall be taken on board or discharged from any ship certified as suitable for the carriage of petroleum in bulk, except through a suitable pipe prepared for the purpose.

Naked lights, fire or smoking prohibited.

10. No fire, naked lights or smoking shall be allowed on board any flat or barge carrying petroleum in bulk

Flag to be carried.

11 The person in charge of any flat or barge carrying petroleum in bulk shall, from sunrise to sunset, show at its stern a conspicuous red flag having the words "Petroleum Boat" marked on it in blank letters.

Loading and unloading by night.

12. No petroleum in bulk shall be loaded on or unloaded from any ship between sunset and sunrise, except when electric light is exclusively used

Validity of license granted in another province.

13 Petroleum may be transported into and within the limits of the Madras Presidency under cover of a license granted by the prescribed authority in any other province of British India or in any area outside British India to which the Indian Petroleum Act, 1899, may be applied, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.

Transport by sea of petroleum which has not been tested

14 Petroleum which has been imported into any port specified in rule 1 of Part III, and which has not been tested at the port of import in accordance with the rules contained in that Part, shall not be transported to any other port in British India specified in rule 1 of Part III, and the provisions of all the rules of that Part, except rule 22, shall be deemed to apply to such petroleum when it arrives at such other port

Transport by sea of petroleum which has been tested.

15. Petroleum which has been tested at any port in British India may be transported to any other port in British India, and the provisions of rules 2, 3, 4, 14 (except the proviso), 16, 19 and 20 of Part III shall apply to such petroleum when it arrives at each other port.

CHAPTER III.—GENERAL PROVISIONS RELATING TO LICENSES.

Applications for licenses.

1 All applications for licenses except those referred to in rules 13 and 14 of Chapter IV of this Part for the possession or transport of petroleum shall be made to the District Magistrate, or to such authority as the Governor in Council may appoint under the next following rule to be a licensing authority

Note.—The functions of the District Magistrate under this rule and the rule next following and under rule 4 (2) of Chapter IV of this part shall be exercised in the City of Madras by the President of the Corporation.

Licensing authority.

2. Licenses—

(*a*) for the possession of non-dangerous petroleum, not being petroleum in bulk,

(*b*) for the possession of non-dangerous petroleum in a minor installation,

(*c*) for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, and

(*d*) for the transport of petroleum, not being dangerous petroleum, otherwise than by a pipe line,

may be granted by a District Magistrate, or by such other authority as the Governor in Council may from time to time by order in writing appoint in this behalf. In all other cases except as provided in rule 14 of Chapter IV of this Part the licensing authority shall be the Governor in Council:

Provided that in the case of renewals of existing licenses the Governor in Council may delegate its powers under this rule to the District Magistrate or to such other authority as the Governor in Council may from time to time by an order in writing appoint in this behalf

Refusal of licenses.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case:

Provided that the licensing authority shall not refuse a license for the possession of petroleum in a minor installation, unless such authority has first made a reference to the Chief Inspector of Explosives and obtained his concurrence.

Forfeiture of license.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other reason deemed by the licensing authority to be good and sufficient, and recorded by him in writing.

Particulars of licenses.

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars which are contained in the form prescribed for it by these rules:

Provided that in the case of installations and storage sheds in existence before these rules were made, the license may contain in lieu of the particulars contained in the form prescribed for it by these rules, either such particulars as may have been entered in the license granted for such installation or storage shed under the rules heretofore in force, or such particulars as may in each case be approved by the Chief Inspector of Explosives.

Renewal of licenses.

6 (*1*) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

(*2*) Every such application shall be made at a date not less than thirty days before the date on which the original license expires, and, if the application is so made, the premises shall be held to be duly licensed until such date as the licensing authority issues the renewed license or until an intimation that the renewal of the license is refused has been communicated to the applicant

(*3*) The same fee shall be charged for the renewal of a license as for a new license.

Supply of rules to licensee.

7. When any license is granted for the possession or transport of petroleum, a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and in Chapter II of this Part in the case of a license for transport, printed in English and the vernacular, shall be given, together with the license, to the licensee.

Procedure on death or disability of licensee.

8 Where a licensee dies or becomes insolvent or becomes mentally incapable or otherwise disabled, the person carrying on the business of such licensee shall not be liable to any penalty or forfeiture under the Act or these rules for acting under the license during such time as may reasonably be necessary to allow him to make an application for a new license in his own name for the unexpired portion of the original license.

Loss of license

9. Where a license granted under these rules is lost or accidentally destroyed, a duplicate may be granted.

CHAPTER IV.—LICENSES FOR THE POSSESSION OF PETROLEUM

Continuance of license.

1. Save as provided in rules 13 and 14 of this Chapter, every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.

Petroleum not in bulk, other than dangerous petroleum.

2 Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted in Form A.

Dangerous petroleum not in bulk.

3 Licenses for the possession of dangerous petroleum, not in bulk, in quantity exceeding forty gallons may be granted in Form B.

Dangerous petroleum not exceeding forty gallons.

4 Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted in Form C.

Transfer of certain licenses.

5. (1) The holder of a license in Form A, B or C, may, at any time before the expiry of the license, apply for permission to transfer his license to another person.

(4) Such application shall be made to the District Magistrate, who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(5) A fee of Re 1 shall be charged on each such application.

(6) The person to whom the license is so transferred shall enjoy the same powers and be subject to the same obligations under the license as the original holder.

Possession of dangerous petroleum in receptacles containing more than forty gallons each.

6. Special licenses for the possession of dangerous petroleum in receptacles containing more than forty gallons, but not more than 500 gallons each, may be granted on such terms as the Governor in Council may prescribe on the recommendation of the Chief Inspector of Explosives.

Storage in major installations.

7. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in major installations, in accordance with such specifications and plans as the Governor in Council, on the recommendation of the Chief Inspector of Explosives, may from time to time, by general or special order, approve, may be granted in Form D.

Storage in minor installations.

8. Licenses for the possession of any stated quantity of petroleum, not being dangerous petroleum, in minor installations, in accordance with such specifications and plans as the Chief Inspector of Explosives may from time to time, by general or special order, approve, may be granted in Form E.

Dangerous petroleum for use on motor-vehicles.

9. (1) Licenses in Form F may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

(2) The provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles, save in so far as these provisions are varied by the conditions of the license.

Particulars to be given in applications for licenses for the possession of petroleum other than licenses under rules 4 and 9.

10. Every application for a license for the possession of petroleum, other than licenses under rules 4 and 9 of this Chapter, shall specify—

(a) the description and quantity of petroleum which the applicant desires to keep,

(b) the name and position of the premises intended to be used for the storage of such petroleum, and whether the said premises fulfil the conditions prescribed by Form A, Form B, Form D, or Form E, as the case may be,

(c) the amount of petroleum, if any, already licensed to be kept on the same premises.

If the application be made for the first time in respect of any major or minor installation or if the quantity of petroleum to be stored in such an installation is to be increased, the application shall be accompanied by specifications and plans drawn to scale.

Certificate of safety to be furnished.

11. Before petroleum is stored in any major or minor installation for which a license has been granted for the first time, a certificate shall be furnished to the licensing authority to the effect that all enclosure walls and embankments required to be constructed under the conditions of the license are sufficient to ensure safety. The certificate shall be signed by an engineer accepted as qualified for the purpose by the licensing authority. When the license is not granted for the first time but is granted for an increased quantity of petroleum, a certificate shall similarly be furnished to the licensing authority before any quantity of petroleum exceeding the amount which was admissible under the former license is stored in the installation.

Particulars to be given in applications for licenses under rules 4 and 9.

12. Every application for a license under rules 4 and 9 of this Chapter shall specify—

(a) whether the applicant is the owner of a motor-vehicle,

(b) the amount of dangerous petroleum the applicant desires to store,

(c) the exact position and nature of the premises intended to be used for the storage of such dangerous petroleum, and whether the said premises fulfil the conditions prescribed by Form C or Form F, as the case may be.

Storage by port authorities.

13. Licenses for the possession of petroleum in an installation or storage shed may be granted by the Governor in Council free of charge to the Madras Port Trust Board subject to such conditions, and for such period, as the Governor in Council may direct.

Storage in an installation or storage shed erected on land belonging to port authorities.

14. Licenses for the possession of petroleum in an installation or storage shed erected on land belonging to the Madras Port Trust Board may, with the previous sanction of the Governor in Council, be granted free of charge by the said Board subject to such conditions and for such period as the said Board may direct.

CHAPTER V.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

General licenses for the transport of non-dangerous petroleum.

1. General licenses for the transport of petroleum, other than dangerous petroleum, may be granted for a period of twelve months in Form G.

General licenses for the transport of dangerous petroleum.

2. General licenses for the transport of dangerous petroleum otherwise than in bulk may be granted for a period of twelve months in Form H.

Effect of general licenses.

3. Licenses granted under rules 1, 2 and 3 of this Chapter may authorise the holders to transport petroleum without restriction as to destination or total quantity.

Pass for transport of petroleum.

4. The holder of a general license granted under rules 1, 2 or 3 of this Chapter shall, with each consignment of petroleum conveyed under cover of his license, issue to the person who takes charge of the petroleum for the purpose of transporting it, a numbered pass in Form I.

Special licenses for the transport of petroleum other than dangerous petroleum

5. Special licenses may be granted for the transport of petroleum, other than dangerous petroleum, in quantities exceeding five hundred gallons, in Form J.

Special licenses for the transport of dangerous petroleum

6. Special licenses may be granted for the transport of dangerous petroleum other than in bulk in Form K.

Effect of special license.

7. A special license granted under rules 5 and 6 shall only cover the transport of the particular consignment entered in the license, and shall be valid for such period as may be entered in it.

Particulars to be given in applications for special licenses

8. Applications for special licenses for the transport of petroleum by rail, by road, by steamer or by barge, or by two or more of these modes of conveyance, shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained, or, in the case of petroleum to be transported in bulk by water, shall state that the ship in which it is to be carried has been certified as required by rule 1 of Chapter II of this Part.

Transport of dangerous petroleum by motorists otherwise than as a motor-vehicle.

9. General licenses in Form L to transport dangerous petroleum up to a maximum of sixty gallons at a time, otherwise than on a motor-vehicle, may be granted for a period of twelve months to owners of motor-vehicles holding licenses under rule 6, sub-rule (1), of Chapter IV of this Part, to possess petroleum and use or transport it on a motor-vehicle.

CHAPTER VI.—Fees.

Method of levying fees.

1. (1) Where the proceeds of fees leviable for licenses under these rules have been assigned by the Governor in Council to any local authority, the fees shall be levied in such manner as the local authority may from time to time direct.

(2) In all other cases the fees shall be paid in cash on receipt of a notice from the licensing authority that a license will be granted.

(3) The court fee stamp of the value of eight annas representing the fee chargeable under schedule II, Article 1 (b) of the Court Fees Act on an application for a license presented to a Magistrate should be attached to the application.

Fees for licenses for possession of petroleum.

2. The following fees shall be charged for licenses for the possession of petroleum, namely:—

Non-dangerous petroleum.

	Rs.	
(a) When the quantity to be stored exceeds five hundred but does not exceed one thousand gallons.	12	
(b) When the quantity to be stored exceeds one thousand but does not exceed five thousand gallons.	12	for the first one thousand gallons *plus* Re. 2 for every additional one thousand gallons or part thereof
(c) When the quantity to be stored exceeds five thousand gallons, but does not exceed fifty thousand gallons.	20	for the first five thousand gallons *plus* Re. 4 for every additional one thousand gallons or part thereof.
(d) When the quantity to be stored exceeds fifty thousand gallons	250	

Dangerous petroleum

	Rs.	
(e) When the quantity to be stored does not exceed forty gallons.	3	
(f) When the quantity to be stored exceeds forty gallons, but does not exceed five hundred gallons.	8	
(g) When the quantity to be stored exceeds five hundred gallons		the same fees as those laid down for non-dangerous petroleum.

Fees for licenses for transport of petroleum.

3. The following fees shall be charged for licenses for the transport of petroleum:—

Non-dangerous petroleum.

Special licenses—

	Rs.
(a) When the quantity to be transported exceeds five hundred, but does not exceed five thousand gallons.	1

	Rs.
(b) For every additional five thousand gallons or part of five thousand gallons.	1
General license for the transport of non-dangerous petroleum by rail, by road, or by water for twelve months.	100

Dangerous petroleum.

Special licenses—

(i) When the quantity to be transported does not exceed forty gallons.	2	
(ii) When the quantity to be transported exceeds forty gallons but does not exceed four hundred and eighty gallons.	2	for the first forty gallons *plus* 3 annas for every additional forty gallons or part thereof.
(iii) When the quantity to be transported exceeds four hundred and eighty gallons.	8	for the first four hundred and eighty gallons *plus* Re. 1 for every additional four hundred and eighty gallons or part thereof.
General license for the transport of dangerous petroleum by the owner of a motor-vehicle by road, rail or water, up to a maximum of sixty gallons at a time.	5	
General license for the transport of dangerous petroleum by dealers by rail, road or water.	50	

Fee for license granted for unexpired portion of an original license.

4. A fee of one rupee shall be charged for a new license for the unexpired portion of an original license granted to any person applying for the same in accordance with the provisions of rule 8 of Chapter III of this Part.

Fee for duplicate licenses.

5. A fee of eight annas shall be charged for a duplicate of a license granted in accordance with the provisions of rule 9 of Chapter III of this Part.

PART III—OF IMPORTATION OF PETROLEUM.

Ports of importation—Cocanada, Madras, Tuticorin, Cochin, Calicut, Tellicherry, Mangalore.

1. The ports mentioned in the margin are hereby declared to be the only ports at which petroleum may be imported.

Declaration by master of ship carrying petroleum or by the ship's agent.

2. The master of every ship carrying petroleum shall deliver to the pilot before entering any of the ports mentioned in rule 1, a written declaration under his signature stating—

(a) what quantity of petroleum the ship is carrying;
(b) whether any and, if so, what part of it is dangerous petroleum;
(c) whether any and, if so, what part of it is certificated petroleum:
(d) whether any and, if so, what part of it is petroleum having a flashing point above 150° of Fahrenheit's thermometer, and
(e) what quantity of petroleum (specifying whether any, and if so, what part of it belongs to each of the classes (b), (c) and (d)) it is intended to land at that port or at any other port in British India:

Provided that, if, in anticipation of a ship's arrival, the agent for such ship delivers to the Port officer a written declaration as aforesaid under his signature, no such declaration shall be necessary by the master of the ship.

Delivery of certificate.

3. If the master or agent declares that any petroleum is certificated petroleum which it is intended to land at that port or at any other port in British India, he shall deliver to the pilot or Port officer, as the case may be, along with his declaration, the certificate relating to such petroleum.

Certificate and declaration to be forwarded to Chief Customs-officer.

4. Every certificate and declaration delivered to a pilot under rules 2 and 3 shall be made over by him without delay to the Port officer, and all certificates and declarations received by the Port officer shall, with all convenient despatch, be forwarded by him to the Chief Customs-officer.

Delivery of samples.

5. (1) When the master of, or the agent for, a ship has made the declaration required by rule 2, the Chief Customs-officer shall direct an officer to go on board the vessel and obtain samples of all the petroleum on board which it is intended to land at that port. If the importer so desires, he shall also take samples of all the petroleum on board which it is intended to land at any other port in British India.

(2) The master shall deliver to the officer aforesaid, without charge, samples of every variety of petroleum comprised in the petroleum of which samples are to be taken under clause (1). Such samples shall, if such officer so require, be taken from the particular receptacles indicated by him and under his personal superintendence, and shall not exceed forty fluid ounces:

Provided that when the petroleum is in casks, samples may be taken as delivery proceeds.

Selection of samples.

6. The minimum number of samples to be selected of each brand or quality contained in the cargo shall be as follows —

(a) of certificated petroleum in cases—
one sample for every fifteen thousand cases or fraction of fifteen thousand cases;

(b) of certificated petroleum in casks or drums declared to be of uniform quality—
one sample for every one hundred and twenty thousand gallons or part of one hundred and twenty thousand gallons;

(c) of certificated petroleum in bulk or in tanks—
one sample from each group of tanks or tank compartments certified to be of the same brand or quality;

(d) of petroleum other than certificated, in cases—
one sample for every ten thousand cases or fraction of ten thousand cases;

(e) of petroleum other than certificated, in casks or drums declared to be of uniform quality—
one sample for every eighty thousand gallons or part of eighty thousand gallons;

(f) of petroleum other than certificated in bulk or in tanks—
one sample from each tank or tank compartment.

Sealing of samples and forwarding the same to testing officer.

7. When the samples required have been delivered to the officer aforesaid, such officer shall forthwith seal the bottles containing the samples, and shall label them with the name of the ship, the name of the consignee, and such other distinguishing marks as may be necessary. He shall then forward them to the testing officer.

Methods of test.

8. The testing officer shall test the samples thus received in the manner laid down in the first Schedule to the Act.

Averaging results of tests.

9. If more than one sample of any one brand or quality forming the cargo or a portion of the cargo of a ship is sent to the testing officer for report, that officer shall test each sample separately and strike an average of the results. If the average flashing-point is not lower than 73° of Fahrenheit's thermometer, and no one test gives a flashing-point below 70° of that thermometer, he shall report the whole of the petroleum represented by the samples to the Chief Customs-officer as non-dangerous.

Procedure when tests show want of uniformity.

10. If the testing officer, after testing samples, considers further tests necessary to satisfy him that none of the petroleum is dangerous, he shall report to the Chief Customs officer accordingly.

Procedure on report.

11. On receipt of a report under rule 10—

(a) when the consignment is imported in cases, the Chief Customs-officer shall cause the petroleum in question to be landed and stacked in lots of not more than fifteen hundred cases each, or to be discharged into boats each containing not more than fifteen hundred cases, and the officer referred to in rule 5 shall select and deliver to the testing officer one sample from each lot;

(b) when the consignment is imported in bulk, the Chief Customs officer shall forward a second sample and, until receipt of the testing officer's further report, may prevent the landing of any portion of the contents of the tank in question, or may permit it to be landed as provided in rule 18;

(c) if the petroleum has been already landed and stored under rule 18, it shall be divided into lots, and samples of each lot shall be selected as aforesaid.

Report of testing officer.

12. The testing officer shall, as soon as practicable, and ordinarily within twenty-four hours after receipt of any samples, sign a report certifying that they are, or are not, dangerous petroleum, as the case may be, and shall forward such report to the office of the Chief Customs-officer, where it shall be deposited.

Fee for testing.

13. The fee for testing each sample shall be five rupees:

Provided that the total amount of the fees chargeable under this rule shall not, in the case of any one ship, exceed Rs. 50.

When a ship carrying petroleum may anchor at ordinary anchorage.

14. A ship may proceed to the usual anchorage in any port specified in rule 1 and there discharge any certificated petroleum not exceeding five thousand gallons in quantity:

Provided that the officer whose duty it is, under rule 8, to select samples of petroleum on board, may at any time take a sample of any such petroleum for the purpose of having it tested.

Exception in respect of petroleum declared dangerous which is not in excess of forty gallons.

15. If the quantity of petroleum declared dangerous on board a ship does not exceed forty gallons and there is no other petroleum on board, or the aggregate quantity of petroleum on board, including petroleum declared dangerous, does not exceed forty gallons, the said petroleum may be forthwith landed.

When a ship carrying petroleum must anchor at a special anchorage.

16. Save as provided in rules 14 and 24, every ship having petroleum on board shall be anchored at such anchorage as the Conservator of the port shall appoint in this behalf, and shall not, except for the purpose of discharge of bulk oil petroleum as laid down in rule 19, leave such anchorage until so much of the petroleum as it is intended to land at that port has been discharged.

Such anchorage shall be in no case be the same as for that for vessels laden with explosives, and shall be sufficiently far removed from the anchorage for vessels laden with explosives, and possibility of a fire originating at the former place affecting vessels anchored at the latter.

Petroleum referred to in rule 18 not to be landed until it has been tested.

17. Save as provided in rule 18, no petroleum shall be landed from any ship referred to in rule 13 until the testing officer's report in respect thereof has been received in the office of the Chief Customs-officer.

Landing of petroleum in anticipation of the testing officer's report.

18. (1) The Chief Customs-officer may in anticipation of the testing officer's report, allow the consignee of any petroleum to discharge the same into boats or to land it.

(2) Such permission shall be subject to the condition that the boats into which the petroleum is discharged shall remain at such place as may be directed by the Chief Customs-officer, or that the petroleum shall be landed at a landing-place duly appointed for this purpose by the aforesaid officer, and be stored in an installation licensed under rule 13 or 14 of Chapter IV, Part II.

Loading of petroleum in bulk

19. When petroleum is imported in bulk, its removal from the ship shall be effected by means of a hose and a metal pipe, and it shall be pumped into storage tanks. The discharge shall be continuous, day and night until completed, weather and appliances permitting. When working at night, electric light only shall be used; and, when the ship has finished discharging, the pipe to the storage-tanks shall immediately be emptied by means of a supplementary pump on shore. If for any cause the discharge of petroleum is at any time suspended, arrangements must be made by means of a valve for effectually preventing any of the oil left in the pipe from escaping.

Loading of petroleum otherwise than in bulk.

20. When petroleum imported otherwise than in bulk is landed within the part—

(1) it shall be landed either at jetties provided for the purpose, or in cargo-boats, and, except where electric light is exclusively used, only after sunrise and before sunset, and only at such place or places as the Conservator of the port shall direct, subject to any customs notification that may, for the time being, be in force;

(2) dangerous and non-dangerous petroleum shall not be conveyed to the shore at the same time on the same cargo-boat;

(3) no smoking, fire or light of any description (other than lights required by the port or harbour rules), shall be allowed on any cargo-boat during the time that the petroleum is on board the boat.

Transhipment of petroleum.

21. Petroleum may be transhipped from one ship to another for conveyance to any other port, whether within or beyond the limits of British India.

Provided that—

(a) the petroleum shall not be transhipped between sunset and sunrise except when electric light is exclusively used,

(b) dangerous and non-dangerous petroleum shall not be conveyed at the same time on any boat which is used for transhipping the petroleum, and

(c) no smoking, fire or light of any description (other than lights required by the port or harbour rules), shall be allowed on any boat which is being used for transhipping the petroleum from the one ship to the other.

Import-licenses how obtainable.

22. (1) Applications for import licenses under section 5 of the Act shall be submitted to the officer appointed by the Governor in Council in this behalf, who will, after enquiry, forward the same with his opinion to the Governor in Council.

(2) If the application is granted, a license in Form A, signed by a Secretary to Government, shall be forwarded to the applicant through the officer to whom the application was submitted. The license may be granted for a period of twelve months.

Petroleum stores carried in ship's stores.

23. Nothing in the foregoing rules in this Part applies to petroleum, other than dangerous petroleum, comprised in a ship's stores and manifested as such, provided it is not of unreasonably large amount. If any question arises as to whether any petroleum manifested as ship's stores is of an unreasonably large amount, the decision thereon of the Chief Customs-officer shall be final.

Petroleum having a flashing point above 150°

24. Nothing in the foregoing rules in this Part applies to petroleum which has a flashing point above 150° of Fahrenheit's thermometer. If the master of, or agent for, a ship certifies in writing that any petroleum on board is of this description, the Chief Customs-officer shall allow it to be discharged in the same manner as ordinary cargo; but the Commissioner of Police or District Magistrate, as the case may be, may at any time require a sample of any portion of it to be delivered to him, with a view to having it tested.

FORM A

(Rule 2 of Chapter IV of Part II.)

LICENSE to possess petroleum (other than dangerous petroleum), otherwise than in bulk.

No. Fee, Rs.

License is hereby granted to for the storage in the storage shed described below, of gallons of petroleum, subject to the rules for the storage of petroleum published in Notification No. 442, dated 24th July 1909, and to the further conditions on the back of this license.

District Magistrate, or President, Corporation of Madras, or authority appointed under rule 2 of Chapter III of Part II.

The 190 .

(Description of the storage shed above referred to.)

Endorsement on Form A.

CONDITIONS OF THE LICENSE.

If the licensing officer call on the holder of a license, by a notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

1. The storage shed shall be constructed of masonry or other uninflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors, but the beams, rafters, columns, windows and doors may be of wood.

2. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 10,000 gallons the height or depth shall be 3 feet.

A combination of these methods is permissible.

4. The following distances shall be kept clear round the building :—

Distances to be kept clear round buildings or enclosure walls.	Number of gallons to be stored
None	5,000 and under,
20 feet	over 5,000 and up to 50,000.
30 "	Unlimited

5. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted within the storage shed.

FORM B.

(Rule 3 of Chapter IV of Part II.)

License to possess dangerous petroleum, otherwise than in bulk, in quantity exceeding forty gallons.

No. Fee, Rs.

License is hereby granted to for the storage, in the storage shed described below, of gallons of dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. 441, dated 24th July 1909, and to the further conditions on the back of this license.

Secretary to the Government of Madras.

The 190 .

(Description of the storage shed above referred to.)

Endorsement on Form B.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 8 of the Act, as to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel, or lead plate receptacles containing each not more than forty gallons and fitted with well made filling holes and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch ; provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal :—

	Not less than.
(1) When the capacity does not exceed two gallons	27 B.W.G.
(2) When the capacity exceeds two gallons but does not exceed four gallons	23 B.W.G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons	20 B.W.G.
(4) When the capacity exceeds eight gallons but does not exceed twenty gallons	18 B.W.G.
(5) When the capacity exceeds twenty but does not exceed thirty gallons	14 B.W.G.
(6) When the capacity exceeds thirty but does not exceed forty gallons	12 B.W.G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacle shall be so substantially constructed and secured as not to be liable except, under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The storage shed shall be constructed of masonry or other uninflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

9. Either the doorways and other openings of the storage shed shall be built up to a height of two feet above the level of the road or street, or the floor sunk to a depth of two feet below the level of the road or street, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 10,000 gallons the height or depth shall be three feet.

A combination of these methods is permissible.

10. All ventilating openings in the storage shed shall be protected by strong wire gauze.

11. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

12. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act.

14. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works round the storage shed :—

Quantity to be stored.	Distances to be kept clear
Not exceeding 500 gallons	50 feet.
From 500 to 1,000	75 "
" 1,000 to 5,000	82 "
" 5,000 to 15,000	90 "
" 15,000 to 25,000	40 "
" 25,000 to 35,000	50 "
" 35,000 to 50,000	60 "
" 50,000 and over	70 "

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances that in the opinion of the Chief Inspector of Explosives warrant the reduction.

16. Provided that when the quantity to be possessed does not exceed 50 gallons the provisions of sections 6, 9 and 15 shall not apply, but the licensee shall observe the following conditions :—

(i) The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of incombustible material, provided however that the doors and windows may be of wood.

(ii) Where a storage shed forms part of or is attached to another building and when the intervening floor or partition is of a combustible or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling house or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

17. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police authorised by the Governor in Council in this behalf.

FORM C.

(Rule 4 of Chapter IV of Part II.)

LICENSE to possess dangerous petroleum in quantity not exceeding forty gallons.

No Fee, Rs. 3.

License is hereby granted to for the storage, in the storage shed described below, of gallons of dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. 411, dated 5th July 1909, and to the further conditions on the back of this license.

District Magistrate or President,
Corporation of Madras, or authority appointed
under rule 2 of Chapter III of Part II.

The *190* .

(Description of the storage shed above referred to.)

Endorsement on Form C.

CONDITIONS of License .

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the storage shed, which may, in the opinion of such officer, be necessary for the safety of the shed, the holder of the license shall execute the repairs within such period, not being less than one month from the date of receipt of the notice, as may be fixed by the notice.

2. The licensee-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 6 or section 9 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, or to the vessels in which the petroleum must be contained.

3. The petroleum shall be stored in gas tight tinned or galvanised sheet iron, mild or load plate receptacles containing each not more than ten gallons and fitted with well made filling holes and soldering screw plugs, or fitted with screw cap or other cap with metal air tight undergrip. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch; provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanised sheet iron or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed two gallons	27 B.W.G.
(2) When the capacity exceeds two gallons but does not exceed four gallons	24 B.W.G.
(3) When the capacity exceeds four gallons but does not exceed eight gallons	22 B.W.G.
(4) When the capacity exceeds eight gallons	19 B.W.G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. Receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

5B

8. The storage shed in which the dangerous petroleum is stored shall be well constructed and constructed of non-inflammable material, provided, however, that the doors and windows may be of wood.

9. All ventilating openings in the storage shed shall be protected by strong wire gauze.

10. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, nor fire of any description, shall be permitted at any time within the storage shed.

11. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

12. Every person managing or employed on or in connection with the storage shed shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary and shall prevent any other person from doing such act.

13. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises or on premises immediately adjoining the storage shed and for the time necessary for drawing off the petroleum, and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

14. Where a storage shed forms a part of or is attached to another building and where the intervening floor or partition is of an non-combustible or inflammable character or has openings therein, the whole of such building shall be deemed to be the storage shed and no portion of such storage shed shall be used as a dwelling or as a place where persons assemble. The storage shed shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

15. The storage shed shall be liable to inspection by no officer not being of lower rank than an Inspector of Police, authorized by the Governor in Council in this behalf.

FORM D.

(Rule 7 of Chapter IV of Part II.)

LICENSE to possess petroleum, not being dangerous petroleum, in a major installation.

No. Fee, Rs.

License is hereby granted to for the storage, in the place described below, of gallons of petroleum, not being dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. 441, dated 24th July 1902, and to the further conditions on the back of this license.

CONDITIONS OF LICENSE.

1. Each tank shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. Suitting or measuring tanks* may be situated within the wall or excavation but otherwise the space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. In the case of all storage sheds within the installation either the doorways and other openings of the building shall be built up to a height of three feet above the level of the ground outside it, or the floor shall be sunk to a depth of three feet below the level of the ground, or the building itself shall be surrounded with a masonry wall or embankment or both not less than three feet high.

3. The height of any storage tank shall not be more than three-fifths of its diameter.

4. A distance of not less than one hundred feet shall be kept clear between one storage tank and another, or between a storage tank and a storage shed, the distance being measured between the nearest points of the perimeters of the storage tanks or storage sheds, as the case may be.

5. A distance of not less than one hundred and fifty feet shall be kept clear between any storage tank or shed and any projected work.

6. The distances specified in conditions 4 and 5 may be reduced by the Governor in Council on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided, or other special precautions taken or where there are special circumstances that, in the opinion of the Chief Inspector of Explosives, warrant the reduction.

7. No fire or lights other than those necessary for sentering purposes, shall be permitted within the installation except in the office, living quarters, engine room, boiler house and smithy.

FORM E.

(Rule 8 of Chapter IV of Part II.)

License to possess petroleum, not being dangerous petroleum, in a minor installation.

No. Fee, Rs.

License is hereby granted to for the storage, in the place described below, of gallons of petroleum, not being

* These tanks shall not have a greater capacity than 10,000 gallons.

dangerous petroleum, subject to the rules for the storage of petroleum published in Notification No. 441, dated 24th July 1909, and to the further conditions on the back of this license.

District Magistrate or President,
Corporation of Madras, or authority appointed
under rule 2 of Chapter III of Part II

This *190*

(Description of the place referred to.)

Endorsement on Form E

CONDITIONS OF LICENCE.

1. Every tank of which the capacity exceeds fifteen thousand gallons shall either be separately surrounded by a wall or embankment of substantial construction, or shall be sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain the total quantity of oil capable of being contained in the tank and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation and not occupied by the tanks, shall be kept entirely clear and unoccupied.

2. The distance to be kept clear between a tank and the walls or embankments which surround it shall be, measuring from the ground level—

(*a*) for horizontal tanks, not less than one-third the height of the tank;
(*b*) for perpendicular tanks, not less than one-half the height of the tank.

3. The height of walls or embankments surrounding the installation shall be not less than two feet six inches from the ground level.

4. The following distances shall be kept clear between protected works not forming part of the installation and the enclosure walls or embankments :—

Where the number of gallons stored is—	Distance to be kept clear.
5,000 and under	Not less than 15 feet.
Over 5,000 and up to 20,000	Do. 20 "
Over 20,000 and up to 50,000	Do. 30 "

Provided that these distances may be reduced by the Governor in Council on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken, or where there are special circumstances which in the opinion of the Chief Inspector of Explosives warrant the reduction.

5. Soldering shall only be permitted in a separate room or building placed as far from the tanks as can be conveniently arranged, in which no storage or filling shall be permitted. No more than shall be allowed in the soldering room at any one time than are necessary for expeditious working.

6. No fire or light, except those necessary in the soldering room and watchman's house shall be permitted.

7. If the installation contains tanks of which the capacity does not exceed fifteen thousand gallons, either—

(*a*) each tank shall be separately enclosed in the manner prescribed in condition 1, or
(*b*) the entire installation shall be surrounded by a masonry wall or embankment or a combination of these forming an enclosure of dimensions sufficient to contain, and prevent the overflow of, all the oil that may be stored at any one time within such walls or embankments.

8. In the case of all storage sheds within an installation, which is not surrounded by a separate wall or embankment as provided in clause (*b*) of condition 7, either the doorways and other openings of the buildings shall be built up to a height of two feet above the level of the ground outside it, or the floor sunk to a depth of two feet below the level of the ground, so that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained or the building itself shall be surrounded with a masonry wall or embankment or both not less than two feet high. When the quantity of petroleum stored exceeds 16,000 gallons the height or depth shall be three feet.

A combination of these methods is permissible.

FORM F.

(*Rule 9 of Chapter IV of Part II.*)

SPECIAL license to possess and transport dangerous petroleum for owners of motor-vehicles.

No. *Fee of charge*

License is hereby granted to owner (or hirer) of a motor-vehicle (or vehicles) for the possession of gallons of dangerous petroleum for use therein at * and for its transport on the said motor-vehicle (or vehicles) for the purpose of use therein, subject to the rules for the possession and transport of dangerous petroleum published in Notification No. 441, dated 24th July 1909, and to the conditions at the back of this license.

When the quantity exceeds 40 gallons.

CONDITIONS OF THE LICENSE

1. The dangerous petroleum shall not be kept, used or transported except in gas-tight tinned or galvanised sheet iron, steel or lead plate drums or receptacles containing each not more than 4 gallons and fitted with well made filling hole and well-fitting screw plugs, or fitted with screw cap or other cap with metal air-tight undercap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than three-eighths of an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanised sheet iron, or steel, and have the following thickness of metal :—

	Not less than
(1) When the capacity does not exceed 2 gallons	27 S.W.G.
(2) When the capacity exceeds 2 gallons	22 S.W.G.

2. The drums or receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

3. Every such vessel, not forming part of a motor-vehicle, when used for transporting or keeping dangerous petroleum, shall bear the words "Dangerous Petroleum—Highly Inflammable" legibly and indelibly stamped or marked thereon, or on a metallic or enamelled label attached thereto.

4. An air-space of at least one-tenth of its capacity shall be left in each drum or receptacle at the time of filling to allow for expansion of the dangerous petroleum.

5. Before repairs are done to any such vessel, that vessel shall, as far as practicable, be cleaned by the removal of all dangerous petroleum and of all dangerous vapours derived from the same.

6. The storage shed in which the dangerous petroleum is stored shall be well ventilated and constructed of uninflammable materials provided, however, that the doors and windows may be of wood.

7. Where a storage shed forms part of, or is attached to, another building, and when the intervening floor or partition is of no unsubstantial or inflammable character, or has an opening therein the whole of such building shall be deemed to be the storage shed, and no portion of such storage shed shall be used as a dwelling, or as a place where persons assemble. A storage shed shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

8. The amount of dangerous petroleum to be kept in any one storage shed whether or not upon motor-vehicles, shall not exceed sixty gallons at any one time.

9. The filling or replenishing of any vessels with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour, and an artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is being kept.

10. In the case of all dangerous petroleum kept or transported for the purpose of, or in connection with any motor-vehicle, (a) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorised persons having access to any dangerous petroleum kept or transported and to the vessels containing the same, and (b) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act whatever, which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

11. The storage shed shall be liable to inspection by an officer not being of lower rank than an Inspector of Police, authorised by the Governor in Council in this behalf.

FORM G.

(Rule 1 of Chapter V of Part II.)

GENERAL license to transport petroleum other than dangerous petroleum.

FINANCE DEPARTMENT.

ACCOUNTS AND FINANCE.

Simla, the 15*th July* 1909.

No. 3581-*F.C. & A.*

RESOLUTION—By the Government of India, Finance Department.

The Government of India have had under consideration the examinations now held for admission to the Enrolled List of the Civil Accounts Department and the Superior Accounts Branch of the Public Works Department.

2. Under the rules published in paragraphs 2 and 3 of the Resolution of the Public Works Department, No 139-A E, dated the 17th June 1899, the subjects for examination for the Public Works Accounts Branch are those prescribed for entrance to the Engineering class of the Rurki College, but this examination has proved not altogether suitable for the Accounts Branch, and has failed to attract a sufficient number of thoroughly qualified candidates.

It has been decided, therefore, to substitute the syllabus of the examination for entrance to the Enrolled List of the Civil Accounts Department, and to maintain a register of candidates under the immediate supervision of the Government of India.

3. As the conditions for employment in the two services will thus be similar, the Government of India consider it unnecessary to hold separate examinations hereafter for the Enrolled List and for the Superior Accounts Branch of the Public Works. It has therefore been decided to institute a combined examination for the two services, and the following rules for its regulation are published for general information. They will come into force with effect from the date of publication, and will entirely supersede all rules * previously applicable to either of the separate examinations.

RULES FOR THE EXAMINATION OF CANDIDATES FOR THE ENROLLED LIST OF THE CIVIL ACCOUNTS DEPARTMENT AND FOR THE SUPERIOR ACCOUNTS BRANCH OF THE PUBLIC WORKS DEPARTMENT.

I.—A register of candidates will be kept from which not less than three candidates for each vacancy will be nominated by the Government of India from time to time as vacancies are expected. Only candidates so nominated will be entitled to compete.

II.—Applications by persons desirous of having their names entered in the above register should be made by them in their own handwriting to the Secretary to the Government of India in the Finance Department, and should be accompanied by proof that the applicant is a native of India within the meaning of the Statute 33 Vict., Chapter 3, section 8,† by certificates of character and of educational qualifications, by a statement of age, and by information regarding any services that may have been rendered to the State by his parents and family.

III.—Applications on behalf of persons who wish to be candidates may also be made by Local Governments and by Directors of Public Instruction in consultation with the heads of the principal Colleges in the various provinces. Such applications should contain information of the same character as prescribed by rule II.

* Resolution of the Government of India, No 1524 G., dated 10th April 1899, and paragraphs 2 and 3 of Resolution No 139-A E., dated the 17th June 1899 (Public Works).

† "The words 'Native of India' shall include any person born and domiciled within the dominions of Her Majesty in India of parents habitually resident in India and not established there for temporary purposes only."

NOTE.—Copies of all certificates should be sent for record, along with the originals which will be returned.

IV.—The names of persons not possessed of high educational qualifications will not be registered. Clear and distinct handwriting and a business familiarity with the English language are indispensable.

V.—All applications whether by or for candidates should name the Department in which the applicant desires to serve. If a candidate is equally willing to accept employment in other Departments, this should be clearly stated.

VI.—The Government of India reserve an absolute discretion not only in regard to the selection of persons to be entered on the register of candidates, but also as to the nomination of candidates to compete at the examination. It must be clearly understood that registration of a candidate's name does not in any way imply that he will be nominated for admission to examinations. Candidates will be informed, at the time of nomination, whether they have been held eligible for both, or for one only of the two Departments.

VII.—The name of a registered candidate will be struck off the register when he has reached the age of 25, or has failed in two examinations.

VIII.—A candidate nominated for admission to one examination will not be admitted to a later examination unless again nominated.

IX.—The age of a candidate, when examined, must not exceed twenty-five years. A nominated candidate before appearing at the examination must produce a certificate in the annexed form by a Commissioned Medical Officer or by a Medical Officer in charge of a Civil Station.

CERTIFICATE.

I do hereby certify that I have examined A. B., a candidate for employment in the Superior Accounts Branch of the Public Works Department / Enrolled List of the Finance Department of the Government of India, and that I cannot discover that he has any disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the public service in any part of India.

X.—Each candidate must also, before appearing for examination, produce a certificate of age from the officer in charge of the District in which his family reside, or, if they reside in a Presidency Town or a Native State, from the Presidency Magistrate or Political Agent, respectively. To obtain this certificate the date and place of the candidate's birth must be proved before the District Officer, Presidency Magistrate or Political Agent, as the case may be, by documentary evidence, supplemented, where this is not conclusive proof, by statements of relatives and others on oath or solemn affirmation.

XI.—Nominated candidates will be examined in the subjects described in the Schedule attached to this Resolution. No candidate will be admitted to either Department who fails to show a competent knowledge of the compulsory subjects, and the Government reserve the right of declining to make any appointment when no candidate reaches a high standard of proficiency.

XII.—The examination will be mainly by written questions and answers. There will be a *viva voce* test in the last two groups of the compulsory subjects mentioned in the Schedule attached to this Resolution. The questions will be prepared, and the examination conducted, in such manner as the Governor General in Council from time to time directs.

XIII.—Some months before an examination is to be held, its date and place, and the conditions of examination, will be notified in the *Gazette of India*, and the number of vacancies in each Department open to competition will at the same time be stated.

XIV.—Subject to the above conditions, candidates for each Department will be appointed to the posts thrown open to competition according to their order of merit at the examination, and the Departments for which they have been nominated. Where a candidate has been permitted to appear for both the Enrolled List and the Public Works Accounts Branch, and his position in the examination would entitle him to a post in either Department, he will be allowed a choice as between the two.

Ordered that the Resolution be forwarded to the Departments of the Government of India, to the several Local Governments and Administrations with the request that it may be communicated to the Directors of Public Instruction and all Heads of Colleges and Schools in their respective Provinces, to the Comptroller and Auditor General, to all Accountants General and Comptrollers and to the Accountant General, Public Works Department.

Ordered also, that the Resolution be published in the *Gazette of India*.

W. S. MEYER,
Secretary to the Government of India.

SCHEDULE.

SUBJECTS FOR EXAMINATION.

Compulsory Subjects.

	Marks.
Writing and Composition, Impromptu Essay upon some given subject ..	300
Political Economy and Logic	300
English History and Literature and Indian History	200

In the last two subjects the standard required will be that of the B.A. Honour Course of the Calcutta University.

Optional Subjects.

Mathematics ..	*Group A.*—Pure Mathematics as principal subject with Mixed Mathematics as subsidiary subject.
	Group B.—Mixed Mathematics as principal subject with Pure Mathematics as subsidiary subject.
Physical Science.	*Group C.*—Chemistry.
	Group D.—Heat, Electricity, and Magnetism as principal subjects with Light and Sound as subsidiary subjects
	Group E.—Light and Sound as principal subjects with Heat, Electricity, and Magnetism as subsidiary subjects

Each group will carry 500 marks.

In each group the standard required will be that of the M.A. Course of the Calcutta University as defined in the Calendar for the year in which the examination is to be held

There will be a practical examination in each of the groups C, D, and E. No candidate will be allowed to take up more than one group.

No. 18.—The following resolution of the Government of India is republished :—

DEPARTMENT OF COMMERCE AND INDUSTRY

STORES

Simla, the 14th July 1909.

RESOLUTION—By the Government of India, Department of Commerce and Industry.

No. 1941—1988—102.—In their Resolution No. 1243—1252, dated the 19th February 1906 the Government of India appointed a Committee to enquire into the procedure prescribed for the purchase of stores for the use of Government Departments in India. The Committee were directed to ascertain, and to report on, the defects in the practice now adopted, more especially with reference to the question of facilitating purchases and of affording greater encouragement to local industries, and they were instructed to formulate a set of rules with the object of effecting improvement in the existing system. Certain definite questions were also referred to them for specific enquiry. The Committee visited the important manufacturing centres and obtained the views of representative Indian firms and they presented their report in July 1909. A large amount of useful information was brought together in their report and the detailed treatment of the subject enabled the Government of India to arrive at conclusions of a definite character. It has been decided that the Committee's Report should not be published. But a summary of their conclusions is given in the following paragraphs.

2. The procedure hitherto adopted in the large consuming departments conforms to Standing Order No. 85, dated the 12th July 1904 (Appendix 30 to Volume III of the Public Works Department Code), which contains the executive instructions prescribed for the practical guidance of officers of the Public Works Department and of State Railways, and which, in substance, is reproduced in paragraphs 13 and 13A of Army Regulations, India, Volume III. This procedure is, in the Committee's opinion, defective in certain respects. Dealing first with the case of articles of local origin and manufacture, the Committee have pointed out that there is no indication in these instructions of the declared policy of Government in favour of the purchase of such articles; that the rules applicable to such purchases are cast in a permissive form and do not require that preference should be given to locally produced stores; that practical difficulties are experienced in giving effect to the rules which require a comparison to be made in respect of price and quality between the locally manufactured article and that obtained from England; and that a further difficulty is felt in regard to the interpretation which should be placed on the condition that an article manufactured in India from imported materials must not have been imported into India in a "finished or partly finished state." The result of these defects has been that in practice the policy of the Government has not been carried into complete effect; and the Committee in reviewing the indents of the more important of the consuming departments found that orders to the value of £467,719 were sent home in the year 1904-1905 for articles which could probably have been obtained of local manufacture. The resources of Indian manufacturers as a whole are, in the Committee's opinion, not being taxed to the full; in the case of the engineering trades in particular, the larger firms at Calcutta and Bombay are more dependent on orders from local bodies, railways other than State, and general private enterprise than on Government support. The Committee satisfied themselves that Indian manufacturers are both able and willing to undertake a much larger volume of work than at present is entrusted to them by Government Departments; and they quoted as evidence the ready enterprise with which Calcutta Engineering firms have adapted their shops to meet the orders placed in India for rolling stock.

3. As regards the procedure which regulates the supply of European Stores, the Committee found on the evidence before them that, as a consequence of the difficulty of framing accurate forecasts, the indent system is not invariably productive of economy; that the general tendency is towards over-estimating and that this tendency is aggravated by the discouragement of supplementary indents and by the criticisms to which an officer is exposed in attempting to correct an under-estimate by local purchases. Specific instances were also quoted by the Committee in which direct financial loss had resulted from delay and from defective methods in the supply of articles obtained on indent. On the other hand, the enquiries which the Committee made into the quality and price of imported stores purchased locally by Government Departments from Indian firms, satisfied them that, in spite of the necessarily scattered and spasmodic character of such purchases, Indian firms had on the whole been able to supply a sufficiently good article at a price which over a number of cases compared not unfavourably with that paid by the India Office.

4. To meet the defects disclosed by their examination of the present system, the Committee formulated certain proposals, the most important of which may be briefly summarised as follows.

They were of opinion that the rules prescribed for the guidance of officers of the consuming departments should contain a clear and unmistakable indication at the desire of Government that, where articles of European and articles of Indian manufacture do not differ materially in respect of quality and price, preference should be given to the latter. They also suggested a modification of the terms of the present rules applicable to the purchase of articles made up in India from imported material. To meet the difficulties experienced in comparing prices, the Committee proposed as a means of testing rates offered by English and Indian firms, that simultaneous tenders for delivery in India should be invited in England and in India in the case of standardised articles of which specifications are available at the India Office and in India. In the case of articles not so standardised, they proposed that a comparison should be made with the cost, as shown in Rate Lists, of the imported article delivered in India. They suggested that the form and scope of the existing Rate Lists, which only include stores procured from England for the use of State Railways, should be amplified and extended to cover the transactions of all consuming Departments; that the proposed lists should be issued with promptitude every quarter and that their compilation should be entrusted to a special agency; that full and detailed information should be given therein as to the freight, insurance and landing charges paid on each article procured through the Store Department, and that account should be taken in determining home prices, of charges representing the incidence of customs duty and of the cost of maintenance of the Store Department. Finally, in cases where the article required is not included in the current quarterly Rate Lists, or in those of the three preceding quarters, they proposed that the officer authorising the purchase should satisfy himself to the best of his ability that the price of the locally manufactured article is not unfavourable.

5. As regards the purchase in India of articles of European manufacture, the Committee suggested considerable modifications of the present procedure in the direction of facilitating the purchase of such articles. In particular the Committee were strongly of opinion that the rules should permit of the supply by large contractors of English stores required in the structure of works let out on contract. A draft set of rules to give effect to their proposals was submitted with the Committee's Report.

6. On the minor points referred to them for enquiry, while the Committee agreed, and, as already stated, included among their recommendations a proposal, that officers should be required in certain cases to give preference to locally manufactured articles, they did not advocate the introduction of any special measure to enforce the exclusion from indents of demands for articles which can be obtained of local manufacture. They considered the organization of a special inspecting staff to be necessary; they made proposals to secure the dissemination among all Departments of information regarding the resources of Indian firms and manufacturers, and they deprecated the creation of Store depots, except on a very limited scale, for the stocking of inconsiderable supplies of standard stores intended for immediate and local use.

7. These recommendations received the careful consideration of the Government of India and have formed the subject of correspondence with the Secretary of State. As regards the adoption of special measures to enforce compliance with the rules prescribing the purchase of locally manufactured articles, the Government of India decided that a check should be applied in regard to indents, with a view to securing that no article should be indented for from the Stores Department when a similar indigenous article could be obtained of a satisfactory quality and at a reasonable price. They directed that the Director-General of Commercial Intelligence should undertake the compilation of quarterly Rate Lists on the lines proposed, and that that officer should also be entrusted with the duty of placing the consuming Departments in possession of information as to the resources of Indian manufacturers and as to the possibility of obtaining from them an indigenous article in substitution for an imported article.

8. The Secretary of State agrees that the existing rules and procedure regarding the purchase of stores may with advantage be modified, so as to give greater encouragement to the purchase in India of articles which are either produced or manufactured locally. As regards imported articles he also agrees that an addition should be made to the rules, so as to authorise the local purchase of such articles when their value is inconsiderable. Subject to certain conditions, he has also accepted the proposal that in the case of important construction works let out to Indian firms of approved standing, the supply of English stores required for the construction may be included in the contract. The rules as finally settled by him are appended to this Resolution.

9. At the same time the Secretary of State desires that it should be made clear that these rules are adopted purely as an experimental measure, and that they will be revised should it be found that they result in a deterioration of quality or an increase in the cost of stores supplied to Government. In order to secure additional safeguards, the Secretary of State desires to be furnished with periodical reports showing whether articles purchased in India as being of equal quality with articles procurable in England at the same price are found by experience to be so. As the comparison of prices required by the rules will be attended with some difficulty, and in order to provide additional supervision, he has also decided that lists of purchases in India of articles not included in the Rate Lists are to be sent to him at the end of each financial year, in order that he may have the opportunity of noticing any cases in which it might appear that excessive prices have been paid.

10. The Secretary of State has also sanctioned the proposal of the Committee as to the establishment of an inspecting staff for the purpose of testing and passing supplies purchased in India. Details of a scheme to give effect to this decision are now being worked out for submission to the Secretary of State.

11. The Governor-General in Council is now pleased to direct that the rules appended to this Resolution shall be observed in supersession of all existing orders regarding the purchase of stores required for the use of Government Departments. He desires to impress on all concerned that the policy of Government is to encourage the purchase of articles locally manufactured or produced, and that the first two of the rules now drawn up accordingly prescribe that preference shall be given to such articles when the quality is satisfactory and the price not unfavourable. To secure that full effect shall be given to this policy, the Government of India direct that indents should be carefully scrutinised by the sanctioning authority, with a view to judging whether articles are not being indented for from Europe which could equally economically and satisfactorily be obtained from local

manufacturers. Indenting officers should also be required to explain in their indents their reasons for including in the demand on the India Office any article which is available of Indian manufacture. Finally, the Government of India desire that copies of all indents should be submitted to them after despatch in order that the operation and effect of these orders may be watched, and a check applied to secure the exclusion from indents of requisitions for articles which Indian manufacturers can supply. Separate orders will issue subsequently in respect of the date on which indents should be submitted to the Government for this purpose.

12. Substantial modifications have been introduced in the rules applicable to the local purchases of European stores. Under rule 8 (*a*) officers will now be permitted to purchase without restriction English stores of small value which are in India at the time of order, within the money limits prescribed by rule 13. Under rule 5 purchases of English stores may also be made within the limits prescribed by rule 13, not only in cases where the demand is so urgent that a supply by indent would cause delay and inconvenience, but also in cases where economy can be effected by the greater promptitude afforded by purchase in India. Rule 3 (*b*) lays down the conditions to which is subject the concession referred to in paragraph 8 above, as to the supply of English stores required in the structure of important reconstruction works. The Government of India will await from Local Governments, to whom all applications should be made in the first instance, proposals as to the firms which should be admitted to this concession.

13. The compilation of Rate Lists is, as has already been stated, now being undertaken by the Director-General of Commercial Intelligence, and it is anticipated that these Lists, so these revised and amplified form, will shortly be ready for issue. The Director-General of Commercial Intelligence will, when the first issue of these Rate Lists has been compiled, ascertain from Local Governments and Administrations and from each Department the number of copies of these Lists required, and will arrange for the supply of these as well as of copies of subsequent issues. In accordance with the wishes of the Secretary of State as explained in paragraph 8 above, lists showing the prices at which purchases were made of articles not included in these Rate Lists during the preceding financial year, should be submitted to the Government of India by the 31st August in each year, for transmission to the India Office. Separate orders will issue subsequently after experience has been gained of the working of the new rules, in regard to the submission of reports as to the quality of articles purchased in India.

14. The rules appended to this Resolution do not apply to the transactions of Port Trusts, Municipalities, Cantonments and other Local Funds not included in the general accounts and estimates of the Empire, unless they should at any time be expending Government revenues on behalf of Government, or unless the Government should in any special case, in which it may advance to them funds for particular works, think proper to make a condition to this effect. The arrangements for the supply of stores to Port Trusts and other similar bodies will always be subject to any control that may be provided by the local law.

ORDER—Ordered, that this Resolution be communicated to all Departments of the Government of India, to all Local Governments and Administrations, to all Accountants General and Comptrollers (including the Comptroller and Auditor General), to all Heads of Departments subordinate to this Department, to the Examiner of Telegraph Accounts and to the Private and Military Secretaries to His Excellency the Viceroy.

Ordered, also, that the Resolution be published in the *Gazette of India* for general information.

H. ROBERTSON,
Secretary to the Government of India.

RULES FOR THE SUPPLY OF ARTICLES FOR THE PUBLIC SERVICE.

Subject to the provisions of the rules specified below, and to any instructions regarding specific articles which have been, or may be, issued by the Government of India from time to time (*e.g.*, those relating to the supply of stationery), the following are the rules relating to the supply of articles required for the public service:—

RULE 1.—*Articles manufactured in India from Indian materials.*

All articles which are produced in India in the form of raw material, or are manufactured in India from materials produced in India should, by preference, be purchased locally, provided that the quality is sufficiently good for the purpose and the price not unfavourable.

RULE 2.—*Articles manufactured in India from imported materials.*

All articles manufactured in India from imported materials should, by preference, be purchased in India, subject, however, to the following conditions:—

(*a*) That a substantial part of the process of manufacture of the articles purchased has been performed in India.

(*b*) That the price is as low as that at which articles of similar quality can be obtained through the India Office.

(*c*) That the materials employed are subjected to such inspection and tests as may be prescribed by the Government of India.

RULE 3.—*Articles which are not manufactured in India.*

Articles which are not manufactured in India should be obtained by indent upon the Stores Department of the India Office, except in the following cases:—

(*a*) When the articles are already in India at the time of order and the cost of the supply does not exceed the limits prescribed in Rule 13.

(*b*) In the case of important construction works let out on contract, articles not manufactured in India required for the construction of such works may be supplied by the contracting firm, subject to the following conditions :—

(*i*) That the firm is approved by the Government of India and is included in the list of firms so approved

(*ii*) That the materials are subject to the correct specifications and tests prescribed by the Government of India.

RULE 4.—*Particular articles which may be purchased in India*

The following articles, whether manufactured or produced in India or not, may be purchased in India :—

(*a*) Those of a perishable nature.
(*b*) Explosives
(*c*) Block tin.
(*d*) Wines and Spirits and English-bottled beer for Army Hospitals in India
(*e*) Kerosine oil.
(*f*) Plant and materials for electric installations.
(*g*) Australian timber.
(*h*) Australian copper
(*i*) Italian marble.
(*j*) Such other classes of articles as may from time to time be prescribed by the Government of India with the approval of the Secretary of State in Council

RULE 5.—*Special purchase in India.*

When serious inconvenience to the public service would be caused by waiting to obtain an article from England, or when, owing to the greater promptitude of supply, an economy can be effected by purchasing in India articles which under the foregoing rules should be obtained through the Stores Department, the purchase may be made in India, subject to Rule 13; but in such cases, if the value of the articles exceed Rs. 50, the sanctioning officer should place on record the reasons which make the local purchase desirable. This record shall be available for the inspection of the Examiner of Accounts or the supervising officer when required.

RULE 6.—*Inter-departmental purchase.*

Nothing in these rules is to be deemed to prohibit the purchase of stores of European manufacture by one Department or Railway from another.

RULE 7.—*Method of obtaining stores not purchased in India.*

All articles which under the foregoing rules are not to be bought in India should be obtained by indent on the Stores Department of the India Office, except any which the Secretary of State may have specially authorised the Government of India or its officers to purchase direct outside India. Such purchase is at present permissible in the case of the following articles :—

(*i*) Seeds.
(*ii*) Cinchona bark.
(*iii*) Articles for experimental or research purposes required by officers approved by the Government of India from time to time. A list of the officers thus approved is given in Appendix A
(*iv*) Excise instruments and apparatus required by Provincial Excise Departments for experimental or research purposes.
(*v*) China, glass, cutlery, plate and crockery for the residences of Heads of Provinces
(*vi*) Australian timber.

NOTE.—Payments for stores purchased under this rule should be made direct to the suppliers by the purchasing officers.

RULE 8.—*Forecast of requirements.*

Every effort should be made to foresee requirements so that there may be ample time to send forward indents for such articles as should under the rules be obtained from the India Office. Persistent failure of any officer to make such efforts should be brought to notice by the Local Government or other authority, which may, at its discretion, cancel or reduce the powers of sanction entrusted to the officer at fault.

RULE 9.—*Time required to obtain stores from England*

It may be assumed that the time required from the transmission of an indent upon the Secretary of State to the receipt of the stores is :—

Urgent telegraphic indents, not less than three months.
Ordinary indents, six to ten months, according to the article demanded
For special stores, *e.g.*, large girders, rolling-stock, etc., up to one year in ordinary times.

RULE 10.—*Method of comparing prices.*

In all cases in which the selection of source of supply depends upon comparison of prices, the procedure to be adopted for such a comparison is as follows :—

(*i*) A reference should be made to Home prices as shown in the Rate Lists, and freight should be added at the latest rates paid by the India Office, together with 1*s.* 8*d.* per 100*l.* for insurance, and 3*d.* per ton for freight brokerage.

(*ii*) In cases of important contracts, the prices ruling in the English market should be ascertained by a telegraphic reference to the Director-General of Stores.

(*iii*) In cases where the necessary information as to Home prices is not available from the Rate Lists, the purchase in India shall be subject to the condition that the price is not unfavourable

(iv) In order to arrive at the market value at an Indian port of an article imported from England, the following charges shall be included :—

(a) Landing, wharfage, and port charges as shown in the Rate Lists

(b) Customs duty, as shown in the Tariff to be applicable to the article in question, to be calculated on its cost *plus* the additional charges mentioned in the earlier part of this rule

(v) The cost of carriage to site from port or place of manufacture, as the case may be, shall be taken into account.

RULE 11.—*Tests*

Any articles purchased in India which should be tested are liable to the specifications laid down from time to time by competent authority, with the approval of the Secretary of State in Council, and should be required to pass the tests prescribed for such articles

RULE 12.—*Firms from which iron and steel may be bought in India.*

Important iron and steel work, if purchased in India, should only be obtained from firms approved by the Local Government or Administration and entered in a Schedule as corrected from time to time by the Government of India.

A list of approved firms is given in Appendix B.

RULE 13.—*Financial limits on powers of officers to make purchases in India.*

In the case of purchases made under Rules 1, 2 and 4, an officer's powers of purchase extend to the ordinary limits to which he is empowered to enter into contracts But in the case of purchases made in India under Rules 3 (a) and 5, the limits for expenditure on any one article or any number of similar articles purchased at one time are as follows :—

(a) *Civil Departments.*

	Rs
(i) Heads of Departments, Commissioners of Divisions, and other officers of or above the rank of Collector whom the Local Government may select.	250
(ii) Other officers authorised to incur expenditure	50
(iii) Controller of Printing, Stationery and Stamps	1,000
(iv) Local Government or Administration —	
1. In case of purchases made under Rule 3 (a)	3,000
2. In case of purchases made under Rule 5	Full powers.

The powers of a Local Government are also exercised by the following officers :—
Surveyor General of India.
Inspector-General, Civil Veterinary Department.
Inspector-General of Agriculture.
Director-General of Observatories.
Director General of Telegraphs
Political Resident, Persian Gulf

(b) *Public Works Department.*

	For purchases made under Rule 3 (a).	For purchases made under Rule 5
	Rs.	Rs.
(i) Executive or Assistant Engineer holding charge of a Division.	200	500
(ii) Superintending Engineer or Superintendent of Works	1,000	2,500
(iii) Local Government or Administration	3,000	Full powers

(c) *Railway Department.*

(i) Executive or Assistant Engineer holding charge of a Division on a line under construction or survey.	200	500
(ii) Engineer-in Chief holding charge of a line under construction or survey	1,000	2,500
(iii) Manager of an open line	1,000	2,500
(iv) Railway Board	3,000	Full powers.

NOTE.—Managers of open lines may depute to their Engineers-in-Chief, Executive Engineers or Assistant Engineers holding charge of a Division such powers of purchase as they deem fit up to the limits specified for lines under construction, and to their Chief Store-keepers up to the limits specified for Executive Engineers

(d) *Army Department.*

	For purchases made under Rule 3 (a).	For purchases made under Rule 5
	Rs.	Rs.
(i) Divisional Commander	3,000	5,000
(ii) Officer Commanding an independent brigade; Director-General of Military Works; Director-General of Ordnance, Director, Royal Indian Marine; Director-General, Indian Medical Service (for medical store depots); Director, Army Clothing; and Director-General, Army Remount Department.	2,500	2,500

	For purchases made under Rule 3 (a)	For purchases made under Rule 6
	Rs.	Rs.
(vii) Officer Commanding a brigade, other than those included in (ii); Inspector-General of Ordnance Factories, and Inspector General of Ordnance.	1,000	1,000
(ix) Superintendent, Army Clothing Factory, Inspector, Submarine Defences; Supply and Transport Officer on special duty in Kashmir, and Deputy Director, Royal Indian Marine	500	500
(v) Chief of the Staff, Adjutant General in India, Quarter Master General in India, Principal Medical Officer, His Majesty's Forces in India; Military Secretary to His Excellency the Commander-in-Chief; Military Accountant-General; Controller of Military Accounts, Eastern Circle, Controller of Military Supply Accounts; Controller of Military Accounts, Northern Circle; Controller of Military Accounts, Western Circle; Deputy Controller of Military Accounts in independent charge, Secunderabad Division; and Deputy Controller of Military Accounts in independent charge, Burma Division	250	250
(vi) Officer Commanding a station; Superintendent, Army Remount Department, Superintendent, Ordnance Factory; Government Inspector, Army Boot Factory, Cawnpore; Ordnance Officers in charge of Arsenals; Proof Officer, Balasore; Medical Storekeeper; Commandant, Indian Staff College; and Divisional Supply Officer and Divisional Transport Officer	200	200
(viii) Officer Commanding a unit (including a hospital); Senior Medical Officer, Indian Medical Service at a station, Recruiting Staff Officer for Gurkhas at Gorakhpur, Officers (Ordnance or Departmental) in charge of depots, Station Supply Officer; and Chief Chemical Examiner.	20	20

NOTE.—These powers are subject to the rules of the budget system. No sanction may be given which will involve expenditure from the budget grant of any future year. The powers extend to each sanction whether against Army, Military Works or Marine funds.

In the case of Ordnance, Medical Stores and Remount Departments, the Divisional, Brigade and Station Commanders are not competent financial authorities.

APPENDIX A.

List of officers referred to in rule 7 (iii), who are authorised to obtain direct from manufacturers or dealers in England, America, Japan or other foreign countries such articles as they may require for experimental or research purposes.

Superintendent, X-Ray Institute.
Chemical Examiners.
Superintendents of Vaccine Depots.
Principals of Medical Colleges.
Superintendents of Medical Schools.
Directors of Bacteriological, Pathological or Research Laboratories, including officers in charge of Divisional and Brigade Laboratories
Principals of Arts Colleges
Principals of Technical and Industrial Institutes.
Director of Industrial and Technical Inquiries, Madras.
Honorary Director of Fisheries, Madras.
Principal of the Central Training College, Lahore.
Principal, Bombay Veterinary College.
Surveyor-General of India.
Inspector-General of Forests.
Inspector-General, Civil Veterinary Department
Director-General of Observatories.
Inspector-General of Agriculture.
Director of Botanical Survey.
Director, Agricultural Research Institute, Pusa.
Imperial Bacteriologist, Civil Veterinary Department.
Imperial Agricultural Chemist.
Imperial Mycologist.
Imperial Entomologist
Provincial Directors of Agriculture.
President of the Imperial Forest Research Institute.
Principal of the Imperial Forest College.
Director, Geological Survey of India

APPENDIX B

List of firms referred to in rule 12

In Bengal.

The Bengal Iron and Steel Company, Limited	Barakar.
The Vulcan Iron Works, Limited	of Calcutta
Messrs. Burn and Company	
" Jessop and Company	
" John King and Company

APPOINTMENT.

Ootacamund, July 27, 1909.

No. 76.—Under section 15 of the Madras Port Trust Act, 1905 (II of 1905), the Governor in Council is pleased to appoint Mr. Charles William Wood, Superintending Engineer, Public Works Department, to be a Trustee of the Port of Madras, *vice* Mr. S. D. Pears resigned.

NOTIFICATIONS

Ootacamund, July 16, 1909

No. 77.—The Governor in Council is pleased to publish, in the following consolidated form, the rules made in exercise of the powers conferred on him by section 6, sub-section (1), clause (p) of the Indian Ports Act, 1908 (XV of 1908), and with the previous sanction of the Governor-General in Council, in respect of sleeping sickness occurring on vessels arriving at ports in the Madras Presidency or for the time being in port in the said Presidency

1. In these rules—

(1) "Health officer" means any person appointed by the local Government either by name or by virtue of his office, to be Health officer of a port, and includes any person appointed by the local Government, either by name or virtue of his office, to perform any of the duties of a Health officer of a port;

(2) "Master," when used with reference to a vessel, means any person (except a pilot or harbour master) having for the time being charge or control of the vessel;

(3) "Port officer" includes any person acting under the authority of the local Government in charge of port discipline;

(4) "Sleeping sickness" includes the stage of the disease known as trypanosomiasis.

2. The master of every vessel arriving at any port in British India from a port beyond India shall—

(a) if the vessel has on board any person suffering or suspected to be suffering from sleeping sickness, or

(b) if any case or suspected case of sleeping sickness has occurred, or if any person has died or is suspected to have died from sleeping sickness on board within the twelve days immediately preceding the arrival of the vessel,

report every such case or death to the pilot or other boarding officer at the earliest opportunity.

3. If the number of deaths or cases or suspected cases of sleeping sickness does not exceed two, the vessel will not be prohibited from taking up the usual place of anchorage in the port or harbour, but such of the passengers or crew as are found to be free from the disease, and their bedding, clothes or other personal effects shall be allowed to land only on the completion of the inspection by the Health officer.

4. If the number of deaths from sleeping sickness or from a disease suspected to be sleeping sickness within the previous twelve days has exceeded two, or the cases or suspected cases of such disease are, or have been during the previous twelve days, more numerous than two, or when from their occurring on pilgrim or emigrant ships, or for other special reasons, further precautions may be deemed advisable, the master shall keep hoisted by day and by night the port signals prescribed for infected vessels and shall not allow any of the passengers or crew to leave the vessel until the Health officer has made his inspection.

5. So long as the above mentioned signals are shown, no tindal or other person in charge of, or navigating any boat shall, without the permission of the Port officer, attempt to make such boat fast to or shall take it alongside such vessel.

6. If the vessel be at anchor within port limits when such disease first breaks out or such death occurs, the master shall promptly give information to the Port officer.

7. The pilot or other boarding officer shall promptly report to the Port officer the circumstances of the case brought to his notice in accordance with rule 2, and the Port officer shall immediately forward any report so made to the Health officer.

8. Whenever the Health officer receives the notice referred to in rule 7, he shall without unnecessary delay proceed on board and examine the vessel, and the master shall give him every facility for the examination of the passengers and crew. The inspection by the Health officer will ordinarily take place between sunrise and sunset.

9. On the completion of the inspection prescribed by rule 8 such of the passengers and crew as are found to be free from sleeping sickness shall be allowed to land.

10. If a case of sleeping sickness occurs on any vessel after she has entered dock or has been moored at a wharf, the master shall forthwith cause information thereof to be given to the dock master or superintendent of the wharf, who shall communicate the information to the Health officer (through the Port officer) and to the Superintendent of Police, and shall be responsible that the sick person shall be isolated as much as possible, and that free communication with the wharf is stopped until the Health officer has inspected the vessel.

11. The Health officer shall remove to a hospital or other place appointed for the purpose by the local Government every person found on board suffering from or suspected to be suffering from sleeping sickness, and every such person shall be detained for observation and treatment in the said hospital or place or any other hospital or place to which the removal of such persons may be authorised by the local Government and shall be isolated in such a manner as will prevent as far as possible the communication of the disease to other persons by the agency of biting flies, and shall continue to be so detained and isolated until a Medical officer authorised on this behalf by the local Government certifies that he is not suffering from sleeping sickness or that having suffered from the disease he has been cured.

12. The Health officer shall inform the Municipal Health officer in every case in which a person suffering or suspected to be suffering from sleeping sickness is removed under his orders to a hospital or other place within Municipal limits and in cases in which the disease has not been definitely diagnosed at the time of removal, shall also report to the Municipal Health officer whether the diagnosis is confirmed or not.

13. All persons removed to hospital or kept under observation at any place shall obey and conform to the rules, regulations and orders for the time being in force at such hospital or place.

14. The master of a vessel coming under these rules shall comply with all the directions which the Health officer considers it necessary to give under the rules.

15. Nothing in these rules shall be deemed to prevent a vessel whose master is unwilling to submit to these regulations from proceeding to sea, provided that there has been no communication, except by signal, between such vessel and the shore or with other vessels in the port.

Octacamund, July 27, 1909.

No. 327.—The Governor in Council is pleased to notify the following amendments in the rules for the grant of loans under the Land Improvement Loans Act (XIX of 1883) and the Agriculturists' Loans Act (XII of 1884) published in Notification No. 510 at pages 1332—1345 of Part I of the *Fort St. George Gazette*, dated 2nd November 1897, as further amended by Notifications Nos. 223, 458, 32, 808, 439, 181, 396, 823, 10, 422, 806, 257, 333, 340, 360 and 529, published at pages 432, 880, 82, 1755, 1944, 617, 1289, 851, 19, 1041, 617, 424, 816, 832, 891, 462 and 691 of Part I of the *Fort St. George Gazette*, dated 17th May 1898, 11th October 1898, 17th January 1899, 21st November 1903, 5th May 1905, 22nd November 1904, 22nd August 1904, 3rd January 1908, 2nd October 1906, 25th June 1907, 19th May 1908, 4th August 1908, 11th August 1908, 1st September 1908, 18th May 1908 and 27th July 1909, respectively:—

Substitute the following *for* rule XVIII,—

"XVIII. When the applicant for a loan is an occupancy ryot, as defined in the Madras Estates Land Act I of 1908, and proposes to furnish as security for the loan the occupancy right which he claims to possess in the land to be improved or any other adequate security, the Collector or other officer granting the loan shall serve a special notice of the application in Form No. 3 hereto annexed, or in some similar form on the landholder personally; or if personal service on him cannot be effected, a copy of the notice shall be affixed to some conspicuous place in the office of the Collector or other officer as aforesaid as well as on the house in which the landholder resides; or if he does not reside in the district in which the application is made, or if his residence is not known, the notice shall be served on the person who acts as his local agent in respect of the said land. A copy of the notice shall also be affixed on the land and at the village chavadi."

2. In rules XIX and XX *substitute* the word "landholder" *for* the word "landlord".

3. *For* the existing rule XXI *substitute* the following:—

"XXI. The landholder or his local agent or manager may object to the grant of the loan on the following grounds and on no others:—

(i) that the tenant is not an occupancy ryot;

(ii) that by reason of the improvement effecting another ryot's holding the landholder has a prior right to make such improvement, or

(iii) that the work is not in the nature of an improvement.

If the landholder or his local agent or manager does not within the time specified in rule XX signify his objection on any of the above grounds, or if the Collector or other officer granting the loan, after considering any objection made, decides that the tenant has occupancy right, that he is entitled to make improvements and that the work proposed is in the nature of an improvement and finds that the value of the occupancy right either by itself or taken jointly with other security furnished by the applicant is sufficient for the loan, he may either sanction it or forward the records of the case for the sanction of the Board or the Local Government as the case may be."

4. The following should be inserted as rule XXI-A:—

"XXI-A. No loan shall be granted to a non-occupancy ryot unless he furnishes independent collateral security sufficient to cover the amount of the loan. If, however, he acquires an occupancy right in his holding under the provisions of section 48 of the Madras Estates Land Act I of 1908, his application shall be dealt with under rules XVIII to XXI.

Octacamund, July 25, 1909.

GOVERNMENT EXAMINATIONS.

UPPER SECONDARY EXAMINATION—DECEMBER 1909.

The Commissioner for Government Examinations hereby notifies that the next Upper Secondary Examination in the Compulsory subjects will be held on *Monday, the 13th December next* and succeeding days at the following centres in accordance with Government notification, dated 4th July 1902, as subsequently amended from time to time:—

Bellary.	Kumbakonam	Salem.
Cuddapah.	Madras.	Tinnevelly.
Cuddalore.	Madura.	Trichinopoly.
Calicut.	Masulipatam.	Vellore.
Guntur.	Rajahmundry	Vizagapatam.

2. The examination is open to—

(i) Pupils of the sixth form of recognised schools

Unless specially exempted by the Commissioner from so doing, each candidate must forward with his application a certificate signed by the Headmaster of the school he is attending at the date of application to the effect that he has completed the course of instruction prescribed for Upper Secondary Schools and that he has attended a recognised school from the commencement of the current school year

(ii) Private candidates permitted to appear by the Commissioner for Government Examinations.

(iii) Candidates who, in view to qualifying for the post of Sub-Assistant Inspector or Sub-Assistant Inspectress of Schools, are desirous of appearing in a second language only (Male candidates in this case must have passed at least the First Examination in Arts and female candidates the Matriculation or the Upper Secondary Examination.)

NOTE.—*No candidate, whether "guest" or "private", will be admitted to the examination unless he is certified either to have had small-pox or to have been vaccinated.*

3. The following are the fees to be paid:—

	Rs.
(i) For the full compulsory test	3
(ii) For female candidates not bringing up Algebra and Geometry ..	3
(iii) For candidates appearing in a second language only in view to qualifying for the post of Sub-Assistant Inspector or Sub-Assistant Inspectress of Schools	6

4. The prescribed fee must be paid in every case into a Government Treasury or, if at Madras, into the Madras Bank, and the receipt given by the Treasury Officer or by the Madras Bank attached to the application. *The fee will, on no account, be received in the Commissioner's Office.*

NOTE.—*At Madras, in the case of pupil candidates, the fee should be collected by the Headmaster and sent in a lump sum to the Bank of Madras together with two lists of the pupils, one of which will be returned by the Bank and the other signed and returned to the Headmaster. The latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to Headmasters on application.*

5. Candidates must make out their applications in *English on printed forms*, which may be obtained in the mofussil from all Tahsildars and Treasury Deputy Collectors, and at Madras at the Office of the Commissioner for Government Examinations, Old College, Nungambakam, and send them with the

necessary enclosures securely fastened to them, direct to the undersigned, post paid, superscribed and addressed as follows:—

[*Application for admission to the Upper Secondary Examination.*]

To

The Secretary to the Commissioner
for Government Examinations,
Madras.

so that they reach the Commissioner's office *on or before the* 31st AUGUST, after which date no application will be received. Candidates anxious to assure themselves that their applications have been received should enclose *an addressed post card in their respective applications*. The post card should bear *the sender's address only, and no other writing*. Such post cards will be returned to them in due course with the "Received" stamp of the office impressed upon them. No other form of acknowledgment except that required by the postal rules regarding registered covers can possibly be given, nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently-stamped covers will be rejected.*

N.B.—No notice will be taken of any application from candidates or the mufassil requesting to be supplied with application forms from this office.

5 Candidates should write their names, their fathers' names and their house names *distinctly* and *in full* in their applications and give their *addresses in full* also; if "Other Hindus" they should state in column 3 of their applications whether they are "Non-Brahman Caste Hindus" or "Panchamas." Candidates coming up in a second language only in view to qualifying for the post of Sub-Assistant Inspector or Sub-Assistant Inspectress of Schools should state so in column 7 of their applications. Applications defective in any particular will be returned, and if they are not re-submitted with the omissions supplied *so that they reach this office within a fortnight from the date of their return*, they will not be accepted.

7. No candidate will be admitted to the above examination at any place other than that named in his application, and no candidate will be allowed to name more than one place; also pupils of the same school can be examined only at the same station. All candidates are required to select the station nearest to their permanent place of residence, where they are known or can be easily identified. Candidates changing their place of examination without the knowledge and consent of the Commissioner must be prepared to have their examination annulled.

N.B.—No notice will be taken of the application of any candidate who selects a centre which is not included in the list of centres given in paragraph 1 *supra*.

8. Private candidates admitted by special order of the Commissioner must submit with their applications the order giving them permission to appear.

9 *The fee paid by a candidate will, in no case, be refunded to him, nor will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are accordingly warned to satisfy themselves before remitting their fees that they are, under the rules in force, eligible to appear for the examination.*

10 *Any candidate suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

11 The examination will be conducted in the order of time and subjects shown in the subjoined table:—

Days.	Hours	Subjects.
1909		
Monday, 13th December ..	10 A.M. to 1 P.M. ..	*Arithmetic*

Prabhudharâja Vijayamu: (1—100) verses.
Telugu Philology—Verbs by Sêshagiri Sastriar
Cycle of Seasons—The Spring—by S. Rangaiya Chetti Garu.

Telugu as Second Language

Bhāratamu: Udyōga Parvamu, Cantos 1 & 2.
Rāmarāju by K. Srinivasa Rau of Bellary.
Mādayyagāri Mallanna's Rāghavīya Charitramu, Cantu I. (Gunnesvar Bros.: Rajahmundry).
Navanāthōpākhyānamu, Cantos 3 & 4. (Gunnesvar Bros.: Rajahmundry)
Andhrabhāsha Bhūshanamu.

Kanarese.

Kanarese as First Language

Kavirājamārga
Karnataka Kavi Charitre, pages 255 to the end
Sabdamani Darpana.
Chandraprabha Purāna: Asvāsās 1—8
Mallināthā Purāna Asvāsās 1—8,
Mitravindā Gōvinda.
Nrpati Chhandassu: The whole
Chikka Dēvarāya Vamsāvali.

Kanarese as Second Language

Sabdamanidarpana.
Pampa Rāmāyana—Asvāsās 1—6.
Karnataka Kavicharitre—pages 255—360
Rajasēkhara Vilāsa, Asvasās 1—3.
Chandra Kaushka Nātake by Basavappa Sastri.
Srīrangāvatāradha, Asvāsās 1—3.

Malayalam.

Malayalam as First Language.

Poetry:
Adhyatma Rāmāyanam: Ayōdhyā Kāndam—Tunchat Ezhuthachchan.
Bhāratam: Bhishma Parvam, Drona Parvam, and Santi Parvam—Tunchat Ezhuthachchan
Krishnagāthā from Kamsavadham to Banāsuradhan, both inclusive, by Cheruseri
Bhāshā Sākuntalam by Vaidya Koil Tamburan.
Dakshayāgam: Kathākali, by Irayimman Tampi
Ambarīsha Charitram by Aswati Tirunal
Nivata Kavacha Vadham by Kottayath Tamburan
Alankāra Dipika by A. R. Raja Raja Varma, M.A.
Prose: Indulekha by Chandu Menon.

Malayalam as Second Language

Bhāratam, Karnaparvam, by Tunchat Ezhuthachchan
Adhyātma Rāmāyanam, Kandams 1 and 2
Kunjan Nambiar: Nalacharitam, Kilippāttu
Ambarīsha Charitam, Katha Kali.
Bhāsha Rajashekharanāgu, the first half
Vētālacharitam.

B.A. HONOURS COURSE, 1911

History and Economics.

(B)

1. India under Warren Hastings.

LL. DEGREE EXAMINATION, 1911.*

SPECIAL SUBJECT.

German Education, Past and Present, by Professor Paulsen, Ph D.

FIRST EXAMINATION IN LAW, APRIL 1912.

I. *Jurisprudence.* Austin's Jurisprudence, Volume I, omitting Lectures II, III and IV. Maine's Ancient Law. Markby's Elements of Law.

II. *Roman Law.* J. B. Moyle's Institutes of Justinian, except Book III, Titles I to XII (inclusive), and Excursus I and X, and the Latin Text throughout; but including the Author's English translation.

III & IV. *Contracts.* Anson's Law of Contracts. The Indian Contract Act with Cunningham and Shephard's Commentaries thereon. Caspersz's edition of Chalmer's Indian Negotiable Instruments Act.
Torts. Pollock on Torts.
Principles of Equity in relation to Contracts and Torts. H. A. Smith's Principles of Equity.
Specific Relief Act, with Nelson's Commentaries thereon.

B.L. DEGREE EXAMINATION, APRIL 1912.

I & II. *Theory and Law of Property including* (a) *The Law of Trusts and Trustees,* (b) *The Transfer of Property.* *Real Property.* Digby's History of the Law of Real Property. Goodeve's Modern Law of Real Property.
Indian Easements Act, with Mitchell's Commentaries thereon.
Personal Property. Goodeve's Modern Law of Personal Property.
Trust and Trustees. The Indian Trusts Act with H. A. Smith's Principles of Equity.
Transfer of Property. Indian Transfer of Property Act, with Shephard and Brown's Commentaries thereon. H. A. Smith's Principles of Equity.

III. *Hindu and Muhammadan Law.* Mayne's Hindu Law and Usage. MacNaughten's Principles and Precedents of Mohammadan Law.

IV. *Law of Evidence.* Best's Principles of Evidence. Indian Evidence Act, with Cunningham's Commentaries thereon.

V. *Criminal Law.* Indian Penal Code, with Nelson's Commentaries thereon.

VI. *Indian Constitutional Law.* Cowell's Courts and Legislative Authorities in India. The Historical Introduction in Ilbert's Government of India.

M.L. DEGREE EXAMINATION, APRIL 1912.

The following text-books are recommended for the guidance of candidates reading for the above examination, but it must be distinctly understood that questions will not necessarily be confined to the books specified.—

BRANCH I.—THE SCIENCE AND HISTORY OF LAW.

Jurisprudence—
Austin's *Jurisprudence.*
Maine's *Ancient Law; Early History of Institutions; Early Law and Custom.*
Baden Powell's *Land Systems of British India; Indian Village Community.*
Lightwood's *Nature of Positive Law.*
Kant's *Philosophy of Law* (Translated by Hastie)
Savigny's *System of the Modern Law.* { Volume I (Translated by Holloway). Volume II (Translated by Kattigan).
Holmes' *Common Law.*
Roman Law (General)—
Muirhead's *Historical Introduction to Roman Law.*
Salkowshie's *Institutes and History of Roman Law.*
Poste's *Institutes of Gaius.*
Mackeldy's *Roman Law.*
Roman Law (The Digest)—
Roby's *Introduction to the study of the Digest.*
† Digest IX (2). *The Lex Aquilia or Damage to Property.* By Grueber.
† Digest XLVII (2). *De Furtis.* By Monro.
† Digest XIX (2). *Locati Conducti.* By Monro.
Digest XVII (1). *Mandati.* By Bryan Walker.
Digest XLI (1) and (2). *De acquirendo rerum dominio. De acquirendo Possessione.* By Bryan Walker.
Digest VII (1). *De Usufructu.* By Roby.
Digest XII (1) and (4) to (7). *De Condictionibus.*
Digest XIII (1) to (3). *De Condictionibus.* By Bryan Walker.

Legislation—
Bentham's *Principles of Morals and Legislation.*
Sidgwick's *Elements of Politics.*
Maxwell's *On the Interpretation of Statutes.*

---

* NOTE: Should the Senate introduce new regulations for the Examination of 1911, a revised notification as to text-book will be published.

† It is already notified that one of the four portions bracketed will be prescribed yearly in rotation with reference to text-books in Roman Law (Digest)—*vide* notification in the *Fort St. George Gazette,* dated the 20th September 1904.

Public International Law—
Hall's *International Law*.
Wheaton's *International Law*. Edited by Boyd.
Pitt Cobbett's *Leading Cases and Opinions on International Law*.
Private International Law—
Dicey's *Conflict of Laws*.
Bar's *Private International Law*.
Foote's *Private International Law*.
Nelson's *Selected Cases in Private International Law*.
Constitutional Law and History—
Stubbs' *Constitutional History*.
Hallam's *Constitutional History*.
Erskine-May's *Constitutional History*.
Legal History—
Anson's *Law and Custom of the Constitution*.
Dicey's *Law of the Constitution*.
Stephen's *History of the Criminal Law of England*.

Branches II & III.

It is not deemed necessary to recommend any particular text-books in these Branches.

Branch IV.

Customary and Statute Law relating to Land Tenure in India.

Maine's *Ancient Law*.
Maine's *Early History of Institutions*; *Early Law and Custom*; *Village Communities in the East and the West*.
Baden Powell's *Indian Village Community*; *Land Systems of British India*.
Field's *Landlord and Tenant*.
For other parts of this Branch it is not deemed necessary to recommend any particular text-books.

B.Sc. DEGREE EXAMINATION, APRIL 1910.

Chemistry. Remsen's *Lessons on Elementary Chemistry*. Wanklyn's *Water analysis*. Hassall's *Food and its Adulterations*.
Physics. Balfour Stewart's *Lessons on Elementary Physics*. Scott's *Elementary Meteorology*. Buchan's *Handbook of Meteorology*. Ganot's *Natural Philosophy for Beginners*.
Sanitary Law. Manuals for Public Offices of Health and Handbook for Inspectors of Nuisances, by Michael Corfield. Wanklyn's *Manual of Public Health*, edited by Ernest Hart. The different Sanitary Acts passed by the Government of India. The Sanitary Clauses of the Penal Code.
Vital Statistics. Dr. Farr's *Vital Statistics*. Parkes' *Manual of Practical Hygiene*. King's *Manual of Hygiene*. Article on Medical Statistics in the Cyclopædia of Anatomy and Physiology. Reports of the Famine Commission. Madras Census Reports of 1881 to 1901.
Sanitary Engineering and Sanitation. Latham's *Sanitary Engineering*. Haskell's *Water Works, Sewers, Sewerage and Irrigation*. Krepp's *Sewerage Question*. Corfield's *Dwelling Houses*. Galton's *Construction of Hospitals*. *Manual of Hygiene, Sanitation and Sanitary Engineering* (available at the Government Press, Madras).
General Hygiene. Parkes', King's and Wilson's Manuals. Moore's *Public Health*. *Manuals for Ireland*. Noel Hartley's *Manual of Health*.
General Pathology. Hooper's *Vade mecum*. Aitkin's *Practice of Medicine*. Klein's *Micro-organisms and Disease*.

(By order.)

F. DEWSBURY, B.A., LL.B.,
Registrar.

Senate House, 19th July 1909.

NOTIFICATION.

Under Regulation 90 the following Members of the Syndicate vacate their seats on 20th August 1909:—Mr. J. H. Stone and the Rev. J. D. W. Sewell, ex.

In accordance with Regulation 93, notice is hereby given that an election of two Members of the Syndicate will be held forthwith. At least one Member to be elected shall be a head of, or a Professor in, a College affiliated to the University of Madras.

Nominations must reach the Registrar not later than Friday the 6th August 1909.

(By order.)

F. DEWSBURY, B.A., LL.B.,
Registrar.

Senate House, 26th July 1909.

EXAMINATION IN SCHOOL MANAGEMENT AND IN THE ART OF TEACHING FOR TEACHERS IN EUROPEAN SCHOOLS IN THE MADRAS PRESIDENCY AND IN THE CIVIL AND MILITARY STATION, BANGALORE, UNDER ARTICLE 65 OF THE CODE OF REGULATIONS FOR EUROPEAN SCHOOLS.

Under G.O., No. 740, Educational, dated 4th November 1908, the First Examination in School Management and in the Art of Teaching under article 65 of the Code of Regulations for European Schools will be held in December 1909. The date and centres of examination will be notified later.

2. The examination is open only to European teachers employed in European schools who hold no professional certificates and are not entitled to exemption under articles 64 (*a*) and 64 (*b*) of the Code of Regulations for European Schools, provided they have taught for a period of at least two years since 31st December 1908 under the observation of the Inspector of European Schools (or the Inspectresses of Girls' Schools of the respective circles in the case of schools now under the inspection of these officers) and provided they have satisfied the Inspector or the Inspectress concerned during

this period as regards their methods and skill in teaching and class management. In deciding whether the two years' work has been satisfactory or not the Inspector (or the Inspectress concerned) will be guided by the confidential reports submitted in accordance with the rules relating to probationary teachers embodied in the Proceedings of the Director of Public Instruction, Dis. No. 4135 of 1907, dated 5th July 1907, communicated to schools at that time under the control of the Inspector of European Schools with his No. E-328, dated 26th July 1907, and by the opinion of the teacher's work formed at the annual inspections. No teacher can be admitted to the examination regarding whose work four confidential reports of the kind laid down in rules relating to probationary teachers have not been received by the 15th September 1909 and whose work has not been tested at least at one inspection. In the case of teachers employed in Girls' Schools which are not under the control of the Inspector of European and Training Schools, the Inspectress will decide whether they are eligible to apply for the examination and will prepare them, whom they find to be eligible, with a certificate to that effect. These certificates should accompany the applications for admission to the examination made by teachers in schools under the inspection of the Inspectresses of Schools. Applications which should be made on printed forms, and copies of which can be obtained from the Inspector of European Schools, Old College, Nungambakam, Madras, should reach the Inspector not later than the 1st October 1909. No fee need be paid before the submission of the application, but such teachers as are found eligible after scrutiny of their applications will be required to pay the prescribed fee (rupees five) before admission to the examination.

3. Applications from teachers who seem to satisfy the conditions of admission on the date of receipt of this notification should be submitted as soon as possible, in order to facilitate verification in this office of the facts stated in the applications and to afford ample time for determination of their eligibility or the reverse. It should be noted that some teachers who are not eligible at the time of receipt of this notification may, under certain conditions, become eligible before the latest date fixed for application. Such teachers should be warned of the impending examination and should be requested to communicate their names to this office with particulars of service in order that preliminary verification may be begun. Formal applications from such teachers should be submitted as soon as they become eligible for the examination.

4. Candidates desirous to assure themselves that their applications have been received should enclose an addressed post card in their respective applications. The post card should bear the sender's address only and no other writing. Such post cards will be returned to them in due course with the Inspector's acknowledgment.

5. The following is the curriculum for the examination for the Middle and the Primary Teachers' certificates, but a certain number of alternative questions will be set for the latter.

School Management.

(a) School buildings and equipment; the bearing of various types of school building on the work of the school, sanitary conditions and supervision.

(b) The curricula for different types of European schools, the framing of syllabuses in different subjects and of time-tables.

(c) School records including European school registers and returns.

(d) The moral aim of school work and its connection with the home. Formation of habits—mental and moral—such as order, thoroughness, consideration for others, loyalty to fellow-pupils and the school, the intelligent use of leisure. Importance of studying the individual pupil. Personality of teacher. School drill, common breaches of order and decorum and how to deal with them. Breaches of the moral law and how to deal with them. Relations between teacher and pupil and teacher and parent; progress and conduct reports.

Art of Teaching.

General principles of method.—(1) The division of a subject into sections suitable (a) for each school year or term (b) for each lesson. Differences which may be noticed between the sequence of ideas or arrangement of the subject matter, which may be demanded (i) by the nature of the child's mind and (ii) by the systematic treatment of text-books. The use of inductive rather than deductive methods.

(2) Perception and apperception.

(3) The typical lesson form; the four steps—

(i) Preparation (particularly as concerned with bringing into the pupils' minds those thoughts and feelings which will help in the acquisition of the new knowledge, whether they are the result of previous lessons or of his out-of-school experience), and as including an intimation of the aim of the lesson.

(ii) Presentation, the modes of presentation, *e.g.*, experiment, narration, developing questioning.

(iii) Abstraction, especially limitations to its use.

(iv) Application.

The teaching of the subjects of the curriculum.—Structure and use of the vocal organs, means of securing distinct articulation; use of stories, continuous speech; reading the alphabet, look-and-say and phonic methods, silent reading, recitation, its aim, the selection of pieces, writing, methods of holding pencil or pen, hygienic posture in writing, dictation and transcription as means not ends. Grammar, the aim in teaching it, its correlation with reading and composition; composition, oral and written; the use of pictures, objects, stories, previous lessons, word and sentence building and paraphrase in teaching it, the ordinary rules of punctuation; the teaching of sentence and paragraph structure; the value of outside reading, choice of subjects in relation to the attainments of the class.

Hand and eye training.—Drawing, the various media suitable for school work and the ability in practice of each, best methods of handling media and postures at work; the use of flat copies and objects; memory drawing, drawing as a training in observation and accuracy and as means of expression, facts and ideas. Correlation of drawing with the other subjects of the school course, *e.g.*, map and plan drawing in connection with history and geography and arithmetic, drawing in connection with object lessons and nature study, drawing in connection with writing; kindergarten occupations and their correlation with the other subjects of the child's education.

Nature study or Elementary Science—its aims and methods, the framing of suitable courses of lessons about natural phenomena, including animal and plant life and elementary physical geography with reference to local circumstances.

Number work and Elementary Mathematics.—Suitable methods and apparatus, especially practical methods in arithmetic and geometry, and oral methods in arithmetic.

Geography.—Its relation with nature study on the one hand and history on the other—importance of abstraction or generalization in geography teaching—the real meaning and use of maps—map-drawing not map-copying—other useful apparatus.

History.—Prevalent errors in teaching it: too much detail, want of perspective, carelessness as to pupils' real understanding of its subject matter, failure to bring into any relation with their first hand knowledge of things, exclusive reliance on dull epitomes, failure to correlate with geography and language work. Importance of biographies, how to select and teach biographies. Necessity of a knowledge of human nature and of realistic treatment. Influence of the study of history on character. How to draw up a good syllabus. Ways of dealing with the class text-book. Selection of appropriate poetry, songs and novels in connection with the period studied.

Domestic Economy (for women candidates).—A course will be prescribed later.

General.—Notes and note-taking, their use in school work; home work and exercises, its nature and amount for different classes and in the different subjects, reasons for limiting amount of home exercises as much as possible in lower classes; the correction of home exercises and notes.

Library and museum.—Their value; methods of encouraging their use by pupils.

The preparation of lessons by the teacher, notes of lessons.

For the High school Teachers' certificates, the above curriculum will be followed except that "Hand and Eye Training" under "The Art of Teaching" may be replaced by any two of the following subjects :—

1	Special methods of teaching	Latin.
2.	Do.	French.
3	Do.	Physics (or Domestic Economy in the case of women candidates)
4	Do.	Mathematics.
5	Do.	History and Geography.

4. Further notice will issue regarding the certification, under the Code of Regulations for European Schools, of teachers holding probationary or complete certificates under the Madras Educational rules. Such teachers will not be required to appear for any written examination. The first list of teachers exempted under article 64 (c) of the Code of Regulations will appear shortly and further instructions will then issue regarding supplementary candidates for exemption.

7. The scheme of examination will be notified later.

A. I. MAYHEW, B.A.,
Ag. Inspector of European & Training Schools.

Madras, 28th July 1909.

EUROPEAN SCHOOLS.

THE PRIMARY SCHOLARSHIP EXAMINATION, 1909.

1. The above examination (boys and girls) will be held on Monday the 29th November 1909 and succeeding days.

2. For candidates from the Civil and Military Station, Bangalore, the examination will be in accordance with the provisions of articles 93 and 94 of the Code of Regulations for European Schools.

3. For candidates from the Madras Presidency, there will be a written examination in the following subjects :—

Subject.	Full marks.
(1) English	200
(2) Space and number work	200
(3) One of the following subjects—	
Geography	100
History	100
Elementary Science	100
(4) Second Language (Vernacular or Latin or Modern European Language).	100
(5) Freehand Drawing (Boys) or Needle-work (Girls)	100

NOTE.—(a) The standard of the question papers in the above subjects will be the same as that indicated in the curricula subjects of examination and syllabuses for European schools published by the Education Department.

(b) In order to qualify for a place in the scholarship list, 30 per cent. of the possible marks must be obtained in English and 30 per cent. of the possible marks in Arithmetic and 280 marks in the aggregate. Marks for any subject other than English and Arithmetic will not be counted if they fall below 30 per cent. of the possible marks in that subject.

4. Candidates for Primary Scholarships must be under 12 years of age on the 31st December 1909. The conditions under which the scholarships are tenable are stated in Chapter X of the Code of Regulations for European Schools.

5. No fees are charged for admission to the Primary Scholarship Examination.

6. Applications which should be made on printed forms obtainable on or after the 1st August 1909, from the office of the Commissioner for Government Examinations, Old College, Madras, must reach the office of the Inspector of European and Training Schools, Old College, Madras, on or before the 1st September 1909.

7. The list of centres and the examination time-table with such further information as may be necessary will be published later.

Office of the Insp. of European & Training Schools, Madras, 30th July 1909.

A. I. MAYHEW, B.A.,
Ag. Inspector of European & Training Schools and President of the European School & Scholarship Examination Board.

EUROPEAN SCHOOL AND SCHOLARSHIP EXAMINATIONS—1909

PRELIMINARY NOTIFICATION.

Examinations will be held on Monday, November 29th, 1909, and following days for the purpose (i) of awarding scholarships at the conclusion of the Middle and High School standards, on completing the Middle or High School course,

2 These examinations will be open only to scholars from recognised schools in the Civil and Military Station, Bangalore, and in the Madras Presidency and to *bond fide* private candidates who are Europeans. In order to be admitted as a private candidate, a boy or a girl must have studied privately under conditions approved by the Inspector of European and Training Schools No scholar from an unrecognised school and no one who has been a scholar at any school within one year of examination, can be admitted as a private candidate.

3 The fees charged for admission to the Middle and High School examinations will be at the following rates:—

	Rs.
High School and Scholarship Examination	15
Middle School and Scholarship Examination	10

4. Applications for admission to these examinations should reach the Inspector of European and Training Schools on or before September 1st, 1909. Application forms and instructions relating to the filling up and submission of these forms can be obtained from the Secretary to the Commissioner for Government Examinations, Madras, on or after August 1st, 1909.

5 The examinations of candidates from the Civil and Military Station, Bangalore, will be in accordance with the subjects and courses prescribed in articles 95 and 97, respectively, of the Code of Regulations for European Schools in the Civil and Military Station, Bangalore. The conditions of success will be those prescribed in articles 90 and 96, respectively, of the same Code

6. The examination of candidates for the Middle School and Scholarship examination from the Madras Presidency will be in the following subjects:—

Subjects.	Full marks.
(1) English—	
(a) Grammar and Composition	200
(b) Prescribed Text-Books	100
(2) Mathematics—	
(a) Arithmetic	200
(b) Geometry	75
(c) Algebra	75
(3) and (4) Any two of the following—	
Geography	75
History	75
Elementary Science	75
Domestic Economy	75
Hygiene	75
Shorthand	75
Type-writing	75
Book-keeping	75
(5) Second Language (Latin, Vernacular or Modern European Language)	150
(6) Free-hand Drawing or Geometrical Drawing and Mensuration, or Needlework (Girls) ..	75

Note (1).—The standard of the question papers in these subjects will be in accordance with the courses indicated in the "curricula subjects of examination and syllabuses for European Schools" published by the Education Department.

Note (2).—For candidates who have taken the BB or BBB courses in Mathematics, a second question paper in Arithmetic on the additional work in that subject prescribed for these courses will be substituted for the Algebra paper. For candidates who have taken the BBB course, there will be no question paper in Geometry, and candidates who have taken the BB course will not be required to take the Geometrical Drawing portion of the examination in Geometrical Drawing and Mensuration. Arrangements will be made that the aggregate of marks obtainable in the examination shall be the same for all candidates irrespective of the courses they have taken.

Note (3).—Wherever necessary there will be alternative questions adapted to the various courses taken by candidates

7. In order to pass the Middle School and Scholarship Examination, 30 per cent of the possible marks must be obtained in each division of the subject English (or failing this, 30 per cent. of the aggregate marks for the whole subject), 30 per cent in Arithmetic, 30 per cent of the possible marks in each of two other subjects and 40 per cent of the total aggregate. Marks for any subject other than English and Arithmetic will not be included in the aggregate if they fall below 30 per cent of the possible marks in that subject. For purposes of this regulation, Geometry and Algebra will be regarded as two separate subjects.

8 The examination of candidates for the High School and Scholarship Examination from the Madras Presidency will be in the following subjects:—

Subjects.	Full marks.
(1) English—	
(a) Grammar and Composition	150
(b) Prescribed Text-Books	100
(2) Mathematics—	
(a) Arithmetic	200
(b) Geometry	100
(c) Algebra	100
(3) Physics (Boys), Physics or Botany (Girls)	100

(4), (5), (6) and (7) Any four of the following of which one at least must be taken by boys from the group marked A —

		Full marks.
Second Language (Latin, Vernacular or Modern European Language)		200
Chemistry	A	100
Botany	A	100
Physiography	A	100
History		100
Geography		100
Book-keeping		100
Type-writing		100
Practical Telegraphy		100
Machine Construction		100
Domestic Economy		100
Hygiene		100

Note (1).—The standard of the question papers in these subjects will be in accordance with the courses indicated in the "curricula subjects of examination and syllabuses for European Schools" published by the Education Department.

Note (2).—For candidates who have taken the AA course in Mathematics, alternative questions in the abbreviated course of Mathematics and Geometrical Drawing and Mensuration will be included in the mathematical question papers

9. In order to pass the High School and Scholarship Examination, 40 per cent of the possible marks must be obtained in each division of the subject English (or failing this, 60 per cent of the aggregate marks in that subject), 40 per cent. of the possible marks in Arithmetic, 30 per cent. of the possible marks in each of three other subjects and 400 marks in the aggregate. The marks gained in any subject other than English and Arithmetic will not be included in the aggregate if they fall below 30 per cent. of the possible marks in that subject. For purposes of this regulation, Geometry and Algebra (with which are included Geometrical Drawing and Mensuration) will be counted as two separate subjects

10. No candidate may appear for the High School Examination until he has received two years' instruction in the High School Standards.

11. Successful candidates at the Middle and High School Examinations will be arranged in three classes. Those who obtain 60 per cent of the possible aggregate shall be placed in the first class; those who obtain 45 per cent. but less than 60 per cent. in the second class; and the remainder in the third class. Candidates who obtain not less than 75 per cent. of the possible marks in any subject shall obtain distinction in that subject.

12 The names of candidates who pass the Middle School Examination will be communicated to the Managers of the schools concerned In the case of the High School Examination, the results for boys and girls will be shown separately and will be gazetted. Certificates will be given to those who pass the Middle and High School Examinations, showing the subjects in which they pass.

13 For regulations relating to the award of scholarships and information regarding the number of such scholarships, managers of schools are referred to chapter X of the Code of Regulations for European Schools in the Madras Presidency and in the Civil and Military Station, Bangalore.

14 Information regarding the Primary Scholarship Examination, the centres for all examinations, the examination time-tables and regulations for candidates at the examination, will be published in due course.

Office of the Inspr. of European & Training Schools, Madras, 19th July 1909.

A. I. MAYHEW, B.A.,
Ag. Inspector of European and Training Schools and President of the European School & Scholarship Examination Board.

EXAMINATIONS.

At the half-yearly Vernacular examinations held on the 5th July 1909, the officers mentioned below have been declared by the Board to have passed according to the standards and languages mentioned :—

TAMIL.

(1) *Higher Standard prescribed for Members of the Indian Civil Service in the first language.*

Mr. W. H. H. Chatterton, Deputy Collector, Tanjore.

(2) *Deputy Collectors—Full Test.*

M.R.Ry. A. Pushpanathum Pillai, Deputy Collector, South Arcot.
M.R.Ry. K. Eapen, Deputy Collector, Cuddapah Division.

(3) *Deputy Collectors—Reading Manuscripts only.*

M.R.Ry. T. Rajagopala Aiyangar, Acting Deputy Collector, Bellary.
M.R.Ry. V. Srinivasachariar, Deputy Collector, Madura

(4) *Sub-Judges and District Munsifs—Full Test.*

M.R.Ry. V. Narayanaswamy Aiyar, Sub-Judge, Madura (West).
M.R.Ry. N. Kailasam Aiyar, District Munsif, Tanjore.
M.R.Ry. P. G. Rama Aiyar, Acting District Munsif, Vriddhachalam.
M.R.Ry. T. M. Venkataraghavachariar, Acting District Munsif, Tirappattur.

(5) *Sub-Judges—Reading Manuscripts only.*

M.R.Ry. T. Gopalakrishna Pillai, Sub-Judge, Ellore.

(6) *Educational Compulsory Test.*

Miss M. F. Prager, Sub-Assistant Inspectress of Schools, Tinnevelly Girls' Range
Mr. R. Littlehailes, Professor of Mathematics, Presidency College.
Mr. W. C. Old, Instructor in Surveying and Drawing, College of Engineering.
Miss R. McLeod, Superintendent, Primary Department, Teachers' College, Saidapet.
Miss A. E. Evans, private candidate.

(7) *Test prescribed for Officers of the Indian Agricultural Service.*

Mr. C J. W Shepperson, Principal of the Agricultural College and Research Institute and Superintendent of the Central Farm, Coimbatore.
Mr. H C. Sampson, Deputy Director of Agriculture, Southern Division, Trichinopoly.

(8) *Third Class Test.*

Mr. J. DaCosta, Temporary Engineer, Public Works Department
Mr. E. R. Coultrop, Sub-Inspector of Police.
Mr. J. Wiggins, Sub Inspector of Police
Mr. C. Coultrop, Assistant Inspector of Salt, Abkári and Customs Department, Ennore Circle.
M.R.Ry. N. Viswanatha Sastri, private candidate
M.R.Ry C. S. Govindaraja Mudal ar, private candidate.
M R Ry P Rangaswami Aiyangar, private candidate
M.R Ry. M. Subrahmanya Aiyar, private candidate.
M.R.Ry T S Ramaswami Aiyangar, private candidate

(9) *Test for Officers of the South Indian Railway.*

Mr. D. M. Shortt, Assistant Engineer, South Indian Railway.
Dr. W. W. Woolliscroft, District Medical Officer, South Indian Railway.

(10) *Medical Collegiate Test.*

Captain L Hirsch, I.M.S., Acting Surgeon, 4th District, Madras.
Captain D. S A O'Keeffe, I.M.S., Acting Professor of Biology, and 3rd Surgeon, General Hospital, Madras.
Captain P Heffernan, I.M.S., Superintendent, Lunatic Asylum, Madras.

TAMIL.

(11) *Higher Standard prescribed for Members of the Indian Civil Service.*

Mr E W. E. Green, Acting Deputy Collector, Godavari.

(12) *Lower Standard prescribed for Members of the Indian Civil Service.*

Mr. T. A Whitehead, Assistant Conservator of Forests, Ganjam.

(13) *Deputy Collectors—Full Test.*

M R.Ry. T. Rajagopala Aiyangar, Acting Deputy Collector, Bellary.
M R.Ry. V Srinivasachariar, Deputy Collector, Madura.

(14) *Sub-Judges and District Munsifs—Full Test.*

M R Ry. T Gopalakrishna Pillai, Sub-Judge, Ellore.
M R Ry. N Kailasam Ayyar District Munsif, Tanjore.
M R Ry. T. Bhojanga Rao, District Munsif, Amalapuram.

(15) *Educational Compulsory Test.*

Miss E. Hunter, Sub Assistant Inspectress of Schools, Godavari Girls' Range.

30. Gangolu with hamlets.

(2) The rest of the Presidency with the exception of the Nilgiri district and the Wynaad taluk, Anjengo, Tangasseri, the seventeen outlying patrons of British Cochin and the Attapadi valley of the Malabar district.

(3) The Banganapalle State.

2. Tree-tapping licenses shall be issued on the application—

(*a*) of licensed toddy shopkeepers in areas in which the toddy shops are sold by auction or licensed separately;

(*b*) of persons having the exclusive privilege of manufacture and supply of cocoanut toddy arrack as foreign liquor;

(*c*) of persons having the exclusive privilege of manufacture and vend of country spirits in British Cochin;

(*d*) of toppers on their own application in the South Canara district, provided the application for license is accompanied by an application for a permit for the transport of the toddy drawn to some particular shop and that the latter application is countersigned or acknowledged to be correct by the shopkeeper to whose shop the toddy is to be taken;

(*e*) of tree owners generally, and of sweet-toddy toppers in the Godavari district, and in the Narasapur, Bhimavaram, Tenuku, Ellore and Yernagudem taluks of the Kistna district, for not more than five trees in the case of tree owners and three trees in the case of sweet toddy toppers, for the drawing of toddy required for domestic consumption, but not for sale, and

(*f*) of toddy shopkeepers or renters in the Mysore territory and in the Banganapalle State desiring to obtain toddy from trees growing in British territory.

In cases (*a*), (*b*), (*c*), (*e*) and (*f*) the licenses may be issued in the name of the applicant himself or of his nominee, and in case (*d*) in the name of the applicant only.

3. Persons wishing to apply for the grant of tree-tapping licenses must first pay the fees (or the first instalment thereof, as the case may be) due on account of the trees which they desire to tap, into a Government treasury, which may be either the District treasury, a Taluk treasury or a Sub treasury. Divisional officers may also empower heads of villages to receive payments on account of tree-tax and to grant receipts therefor.

4. (1) Applications for the grant of tree-tapping licenses must be made in the prescribed form to the Inspector, Salt, Abkári and Customs Department, in charge of the circle in which the trees are situated. Forms may be obtained from the Inspectors Salt, Abkári and Customs Department, and from all Tahsildars and Deputy Tahsildars and will be supplied free of charge. Applications put in by shopkeepers and toppers need not be stamped; those put in by other persons must bear a court-fee stamp of one anna. In any case, if the fees have been paid into a treasury, the application must contain a certificate of payment from the treasury officer; if payment has been made to a village head the receipt must accompany the application. Mysore renters and shopkeepers applying for trees in British territory should pay the tree-tax into the Mysore Amildar's treasury and should present before the British Tahsildar or Deputy Tahsildar concerned along with the application in form T T 6, the receipt with the Amildar's certificate at the foot to the effect that the applicant is a person entitled to take out a tree-tapping license in Mysore. The tree-tax should be calculated at the higher rate if the rates are not the same on the two sides of the frontier.

(2) Application for tree tapping licenses in the South Canara district should be countersigned by the owner of the trees intended to be marked in token of his consent.

5. Toddy shopkeepers in tracts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of the whole of the tree-tax in one instalment into British treasuries and subject to such restrictions regarding permits, etc., as may be prescribed in this behalf. The rate of tree tax to be paid in such cases will invariably be the higher rate in force if the rate is not the same on the two sides of the frontier.

The British and Mysore Governments reserve to themselves the right to impose, in addition to the tree-tax, a rent for the use of trees belonging to them, the same when imposed being payable by British and Mysore licensees alike. The arrangements agreed to by the Madras and the Mysore Governments with regard to the issue of licenses for tapping trees in either territory on the application of farmers or shopkeepers in the other do not prevent the reservation of trees in any specified area in the Madras Presidency or in Mysore with a view to afford rest thereto or for other sufficient reason and the mere payment of tree-tax into a British or Mysore treasury does not entitle an applicant to tapping licenses for trees so reserved.

6. Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax, the rate being the same as in the Kurnool district. Similarly those in the Banganapalle State will be allowed to tap trees in the adjoining British territory.

7. Persons applying for the issue of licenses will be responsible to Government for all sums payable as tree-tax on account of the trees licensed to be tapped.

8. (1) On receipt of an application, the inspector, unless he sees special cause to the contrary will at once take steps for the marking of the trees by an officer superior in rank to a petty officer and for the issue of the license. Applicants for trees shall point out to the marking officer, when required by the latter to do so, the trees applied for by them. Should they fail to do so after reasonable notice the fees paid by them shall be liable to be forfeited at the Collector's discretion.

(2) In the Godavari district and in the Narasapur, Bhimavaram, Tanuku, Ellore and Yernagudem taluks of the Kistna district, trees intended for the drawing of fermented toddy and those for the drawing of sweet toddy shall, as far as possible, be in separate topes or blocks.

9. Collectors may, from time to time, prescribe the minimum number of trees to be entered in an original application. They may also direct that the trees situated in one village only shall be included in an application.

10. No trees shall be tapped, nor shall toddy be drawn from any toddy tree, nor shall any pot be attached to any toddy tree, until the tree has been marked by the proper officer.

11. For palmyra and date trees in the Presidency and for Dadasi (*Borassus Flabelli*) trees in South Canara, tree-tapping licenses shall be annual, that is, in force from 1st October or any subsequent date to the 30th September immediately following, and for cocoanut and sago trees they shall be half-yearly, that is, in force from 1st October or any subsequent date to the 31st March immediately following, and from 1st April or any subsequent date to the 30th September immediately following.

12. The following shall be the fees payable on account of each tree for the tapping of which license is applied for:—

Districts.	Cocoanut palms (for each half-year as defined in rule 11 above).	Sago palms (for each half-year as defined in rule 11 above).	Palmyra or date palms (for the whole year as defined in rule 11 above).	Dadasi (*Borassus Flabelli*) palms (for the whole year as defined in rule 11 above).

13. The fees payable on account of any licenses issued under these rules shall be payable in the following instalments, unless the Commissioner of Salt, Abkári and Separate Revenue shall otherwise direct:—

Period within which the license is applied for.	Instalments in which tree-tax is to be paid.
In the case of half yearly fees	
Between 1st October and 31st December in any year.	One-half at the time of application and the other half on the 1st February following.
Between 1st January and 31st March in any year .	The whole at the time of application.
Between 1st April and 30th June in any year ..	One-half at the time of application and the other half on the 1st July following.
Between 1st July and 30th September in any year .	The whole at the time of application.
In the case of annual fees	
Between 1st October and 31st December in any year	One half at the time of application and the other half on the 1st February following.
Between 1st January and 30th April in any year ..	One-half at the time of application and the other half on the 1st of the second month following.
Between 1st May and 30th September in any year ..	The whole at the time of application.

14. Every instalment of tree-tax shall be paid on the first day of the month in which it falls due.

15. For the convenience of applicants, applications will be received from 1st September or 1st March; but no trees will be marked, nor licenses issued, nor preparation of spathes permitted before 15th September or 15th March; and no toddy shall be drawn except during the currency of the licenses.

16. All toddy drawn under the tree-tapping licenses granted in accordance with these rules shall, as soon as the pots containing it are removed from the trees, be immediately conveyed direct to a distillery, still or a licensed toddy shop under a general transport permit which will be granted gratis by the Inspector. In the South Canara district when a licensee desires to change the shop to which his toddy is to be taken, the permit will be amended on application and on prepayment of two annas in addition to the court-fee stamp of the value of one anna to be affixed to the application. No toddy drawn under these rules shall be sold otherwise than to a licensed distiller, still-area renter or shopkeeper except at a regularly licensed shop. Tree-foot sales or sales in the open are absolutely prohibited.

17. Between sunset and sunrise no toddy shall be drawn or kept by a person holding a license under these rules in the garden or field in which stand the trees which he is licensed to tap, except the toddy contained in the pots attached to the spathes of the trees, provided that the Commissioner of Salt, Abkári and Separate Revenue may, on sufficient cause being shown, relax the restriction in any local area."

* In the Madras Town Circle palmyra and date toddy may be drawn as early as 6 A.M.

Board of Revenue (Separate Revenue), Madras, 27th July 1909.

C. B. COTTERELL, *Ag. Secretary.*

No. 11.—In virtue of the power delegated under clause XIII (6) of Government Notification No. 485, dated 13th July 1896, published on pages 1203 and 1204 of the *Fort St. George Gazette*, dated 29th September 1896, Part I, and in supersession of all previous notifications on the subject, the Commissioner of Salt, Abkári and Separate Revenue hereby directs that from 1st October 1909 the minimum prices below which country liquor shall not be sold in the undermentioned tracts shall be as follow :—

Board of Revenue (Separate Revenue), Madras, 22nd July 1909.

C. B. COTTERELL, *Ag. Secretary.*

The attention of all the ryots holding lands under the Periyar in Madura and Melur taluks is drawn to the notification published in the Supplement to the *Madura District Gazette* for April 1905, and they are again informed that the long crop season under Periyar begins only on September 1st, and that water taken before that date for a single long crop is taken out of season. Such unauthorised irrigation before the 15th August will be liable to be charged a penalty of Rs. 1-8-0 for each acre so irrigated.

The Revenue Inspectors will be held responsible for inspecting every field to which Periyar water is used for Kulum crop before the 30th August and for seeing that the penalty is imposed in every case in which penalty should be imposed.

Madura Collector's Office, 16th July 1909.

A. BUTTERWORTH, *Ag. Collector.*

In exercise of the powers delegated to him by the Board of Revenue (Separate Revenue), the undersigned hereby authorises T. Ramasami Chetty, under section 11 of Act I of 1886, to sign special permits for transport of ganja issued from Ganja Depot, No. I, during the absence of G. Ranganatham Chetty, licensee of the depot for the issue 1909–1910.

Collector's Office, Madras,
23rd July 1909.

R. F. AUSTIN,
Ag. Collector.

NOTICE.

Petitioners will be called each office day at 12 noon, 12-15, 12-30 and 1 P.M.

Persons wishing to see the Collector on urgent business can do so at any time during business hours by sending in their names to his office.

Collector's Office, Madras,
16th July 1909.

R. F. AUSTIN,
Ag. Collector.

TENDERS FOR MINOR FOREST PRODUCE AT SRIHARIKOTA.

TENDERS are invited for the purchase of the products noted below in stock at Sriharikota:—

	C.	S.	V.	A.
Nux vomica	80	0	0	0
Soap nuts	15	5	0	0
Tamarind (sealed)	45	0	0	0

N.B.—The quantities are only approximate. The successful tenderer will be bound to take the total quantities available even if they happen to exceed, or fall short of, the notified quantities.

2. Each tender must be accompanied by a deposit of Rs. 100, which will be returned to all except the person whose tender is accepted. All Madras tenderers must credit their deposits into the Bank of Madras and mofussil residents into the nearest Government treasury and must enclose the Bank or Treasury receipt as the case may be with their tenders.

3. The produce will be delivered at Sriharikota.

4. The successful tenderer must pay the whole of the purchase money into the Madras Bank or into any Government treasury within a week from the date of receipt of the order accepting the tender, failing which the deposit will be forfeited and the produce re-sold at the risk of the original purchaser.

5. Tenders must be superscribed "Tenders for minor forest produce in stock at Sriharikota" and should be addressed to the District Forest Officer so as to reach him not later than the 25th August

1909. Tenders received without deposits or those received after the above said date will not be considered.

5. The District Forest-officer reserves to himself the right of accepting or rejecting any tender without assigning reasons therefor.

7. Tenders will be opened by the District Forest-officer at his office at 3 P.M. on the above date.

T. M. NALLASWAMI NAYUDU,
District Forest Officer.

29th July 1909.

SUPPLY AND TRANSPORT NOTICE.

SCHEDULE No. 1.

The Divisional Contract Officer, Ninth Division at Ootacamund, will receive offers up to 12 noon on Wednesday, the 18th August 1909, for the supply of 127,100 lb. Indian grown black tea required in the ninth division during 1910–1911

2. The tea to be delivered in four instalments free of all contingent charges (but see note below).

A.—At the Divisional Store Depot, Beach, Madras, as noted below :—

		Lb.
On 1st March 1910	..	32,276
On 1st June 1910	..	32,276
On 1st September 1910	..	30,276
On 1st December 1910	..	30,272
	Total ..	127,100

OR

B.—At each Supply and Transport Store Depot in the division, the total quantities required at each station being delivered in four instalments on same dates as shown above under A.

N.B.—Quotations may be made F.O.R. at the Railway stations concerned or for free delivery at the supply depots named.

Alternative offers are invited.

Stations.		Lb.	Total requirements for the whole year.
Ispoondambad	.. ..	57,760	One fourth of the quantity shown against each place to be delivered at each place, *i.e.*, in four equal instalments on following dates:— 1st March 1910. 1st June 1910. 1st September 1910. 1st December 1910 At Wellington delivery is required as follows :— 8,000 lb. on 1st March and 1st June 1910 2,460 lb. on 1st September and 1st December 1910.
Bangalore ..	.. .. ..	34,000	
Bellary ..	.. .. ..	10,800	
Madras ..	.. .. ..	4,000	
Calicut ..	.. .. ..	1,340	
Cannanore ..	.. ..	1,200	
Malapuram (Railway Station, Tirur)	..	4,950	
Wellington ..	.. .. ..	15,200	
	Total ..	127,100	

3. No earnest money or security deposit will be required, but the successful tenderers will be required to sign a simple agreement on I.A.F. 2-2123.

4. The tea shall be equal to the Supply and Transport sealed sample (which can be seen by the tenderer at the Divisional Store Depot, Beach, Madras, or at the nearest Supply and Transport Store Depot, any of those named in the foregoing list) and is to be free from undue proportion of dust, and shall be contained in strong serviceable boxes (but not of sesamul or cutlee-wood) lined with sheet lead to contain 50 lb. each of tea and to be well-secured and in merchantable condition, and the lids of the boxes to be securely nailed down. A uniform quantity of 50 lb. should be contained in each box which will be oblong in shape and according to the sealed sample, which the tenderer can inspect in the Divisional Store Depot or in any Supply and Transport Store Depot, measuring 2' 8" × 1' 14" × 9' 5", and weighing with sheet lead, not more than 26 lb. 4 oz. (sheet lead 4 lb. 4 oz. and box 22 lb). The total weight of each box with tea is thus not to exceed 76 lb. 4 oz., viz., with sheet lead 26 lb. 4 oz. and tea 50 lb.

Each box should be branded thus :—

Season, 1910–11.
Indian black tea.
Net weight, lb. 50.
Gross weight, lb.

The weight of each box with lead foil will not be rigidly insisted on, but variations in the aggregate weight of the box, including lead not to exceed 5 lb., *i.e.*, 2 lb. more or 3 lb. less will be accepted.

5. A sample of the tea tendered should be sent to the Divisional Contract Officer, Ninth Division, Ootacamund.

6. Alternate rates may, however, be quoted for tea delivered (A) at the Divisional Store Depot Madras, or (B) at the several Supply Store Depots direct in serviceable tea chests of the ordinary commercial pattern, instead of in the regulation boxes above described.

7. For further particulars, application may be made to the Divisional Contract Officer, Ninth Division, Ootacamund.

H. W. LOWRY, Lieut.-Colonel,
Divisional Contract Officer, Ninth Division.

Ootacamund, 22nd July 1909.

TENDERS FOR THE SUPPLY OF WELSH AND INDIAN STEAM COAL.

SEALED tenders for the supply of *Welsh* and *Indian Steam Coal* at the following Ports, by contract, for one year, from 1st September 1909 to 31st August 1910, will be received by the Director of the Royal Indian Marine at his office in the R.I.M. Dockyard, Bombay, up to 2 P.M., *genfio*, on *Monday*, the 16*th August* 1909, after which hour no tender will be received :—

Probable annual requirement.

	Welsh coal.	Indian coal.
	TONS.	TONS.
Bombay	6,000	10,000
Calcutta	2,000	..
Madras	200	..
Rangoon	1,600	..
Karachi	250	..

2. Tenders must be accompanied by a Bank of Bombay Receipt for the amount to be deposited or by Government Loan Paper, which is not to be endorsed to any Government officer but to stand in the name of the owner, interest being made payable at the Bombay Treasury. Tenders must be sent by Registered Post, if forwarded in any other way they will not be received. Informal tenders will be rejected, and no reason will be assigned for the rejection of any tender. The Director of the Royal Indian Marine does not bind himself to accept the lowest or any tender.

3. Any tender containing a conditional clause contrary to these requirements or making stipulations not provided for either in this notice or the printed tender and schedule forms, will be summarily rejected.

4. Printed tender forms, and any other information in connection with this contract, can be obtained at this office, and the forms can also be had from the Deputy Director of the Royal Indian Marine, Calcutta; Port Officer, Karachi; Presidency Port Officer, Madras, and from the Principal Port Officer, Burma, Rangoon.

5. Each tender is to be superscribed, "Tender for Supply of Welsh and Indian Coal".

Royal Indian Marine Dockyard,
Bombay, 3rd July 1909.

A. W. McARTHUR,
for Director of the Royal Indian Marine.

RECOVERY OF WRECKS.

NOTICE is hereby given, under section 76 of Act VII of 1880, that the undermentioned property has been salvaged within the limits of the port of Madras, and claimants should submit their claim within a week's time from the date of the circular and remove the articles claimed within the close of the month on payment of the salvage charge. Should they fail, the articles will be sold in the following month by the Inspector No. 2, Port Trust, Madras.

WANTED an elephant for the Tanjore Palace Estate. Tusker preferred. Must be about 9 (nine) feet high, and must be able to carry palace howdah on occasions of processions. Apply with full particulars of age and value, etc., to the undersigned

Tanjore Palace Estate Office,
13th July 1909.

S. SUNDARAM AIYAR,
Receiver and Manager.

APPLICATIONS are invited from qualified candidates for the post of Sub-Inspector of Police. Applicants who must be graduates or have passed the F.A. examination should be of good social position and standing and be able to produce proof of good character. They must be not under 21 nor over 25 years of age, nor less than 5' 5" in height and 32" round the chest. Appointments are subject to the production of a medical certificate of physical fitness *which is granted free of cost* on the requisition of a District Superintendent of Police.

Note.—The minimum educational qualification is the Matriculation Examination but only a few posts will be given to applicants not better qualified. None need apply who have not matriculated.

2. The promotion of head constables to the grade of Sub-Inspector has now been restricted to a very small proportion and the prospects of Sub-Inspectors of proved character, conduct and capacity have been much improved in that they are eligible for promotion to the new grade of Circle Inspectors about to be introduced in consequence of the re-organization of the Police department. The pay of Inspectors has not only been increased but their prospects have been improved by the throwing open to them of the posts of Deputy Superintendents of Police in the Provincial service on pay ranging from Rs. 250 to Rs. 500, eventually rising to a maximum of Rs. 900 if placed in charge of districts.

3. The pay of Sub-Inspectors runs from Rs. 50 to Rs. 100 with a horse allowance of Rs. 15 per mensem. They are entitled to liberal halting and travelling allowances and from the beginning of their service draw double second-class fares when travelling by train subject to the provisions of the Civil Service Regulations.

4. Selected candidates will undergo a year's training at the Provincial Training School, Vellore, during which period they are granted an allowance of Rs. 300 to cover expenses. This period of service qualifies for pension.

5. The next selections will be made in August 1909 by Deputy Inspectors-General of Police to whom applications will be forwarded by Superintendents before August 1st. Forms of application and copies of conditions of employment are available in all District Police Offices. Applications from suitable candidates will be registered at any time of the year.

6. Applications should in the first instance be made to Superintendents of Police of the districts to which the applicants belong. Permanent residents of Madras should apply to the Deputy Commissioner of Police of their division.

Chief Office of the Inspector-General of Police,
Madras, 20th June 1909.

I. E. DAVID,
for Inspr.-Genl. of Police.

APPLICATIONS are invited from persons who have passed at least the Matriculation Examination for the posts of temporary Clerks on Rs. 15 and Rs. 20 vacant in this division.

The candidates will be brought on the permanent establishment on the occurrence of vacancy and on their giving satisfaction.

Those having previous experience in office routine will be given preference.

Office of the Executive Engineer,
Bellary dvn., 26th July 1909.

L. L. WICKHAM,
Executive Engineer.

MADRAS: PRINTED AND PUBLISHED BY THE SUPERINTENDENT, GOVERNMENT PRESS.

SUPPLEMENT TO PART II

OF

THE FORT ST. GEORGE GAZETTE.

No. 31.] MADRAS, TUESDAY EVENING, AUGUST 3, 1909. [PRICE, 1 anna.

SALT, ABKARI AND CUSTOMS DEPARTMENT.

NOTIFICATION

No. 12, *dated* 27*th July* 1909.

NOTICE OF SALE OF ABKÁRI PRIVILEGES.

Notice is hereby given that the number of farms and independent shops appointed for the sale of liquor during the twelve months beginning 1st October 1909 and ending 30th September 1910 and the local limits appointed for them will be notified by Collectors in their District Gazettes, and that the privilege of sale therein will be put up to public auction on the dates, at the places and by the officers to be notified by Collectors subject to the conditions hereinafter set forth.

Conditions of Auction Sale.

II. The districts in which independent toddy shops, arrack farms and arrack and toddy farms, respectively, will be sold are specified below :—

Independent toddy shops.	Arrack farms.	Arrack and toddy farms.
1	2	3
Throughout the Presidency including the Pangonapalle State and excluding the Nilgiri district, certain areas in the Malabar district and certain shops in the Madras Town Circle	Cochin Town and the Attapadi valley.	Seventeen outlying portions of British Cochin.

A separate notification will be issued regarding operations under the tree-tax system. Collectors will issue others regarding the tracts where special systems are in force.

III. A deposit must be made by each bidder previous to bidding and will be received by the selling officer on the day of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 20 in the case of bidders for not more than two or three shops of an aggregate monthly value of Rs. 50 or less and to Re. 1 in the case of bidders for single small shops. In the case of farms Rs. 200 will be the ordinary deposit. This will be reduced to Rs. 50 in the case of bidders for farms of an aggregate monthly rental of not more than Rs. 100 and to Rs. 10 in the case of bidders for single small farms. In the Kurnool district, the selling officer may, where he finds it necessary, require a deposit of Rs. 10 only from bidders for toddy shops. In the South Canara district, the selling officers may at their discretion reduce the deposit to Rs. 2 for shops whose average monthly rental does not exceed Rs. 2.

IV. The shops or farms will be put up to auction in the order in which they are notified, unless the selling officer sees reason to change that order. Upset prices will be fixed at the discretion of the Collectors. The reserve price placed by Government on the shops or farms will not be published, but the average of the previous five years' rentals will be notified by the Collectors, wherever possible, for the information of bidders.

V. No person will be allowed to bid for another unless he holds a power-of-attorney from him.

VI. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of a license or of a contract under the Abkári or Opium Acts as to render him undesirable as a holder of a license or on the ground that he is insolvent or to prevent arrangements to the detriment of Government interests or for any other valid reason. He may also refuse any bid which he may consider to be merely speculative, after recording his reasons for doing so. Village officers will not be allowed to bid for, or to have any direct interest in shops for the sale of liquor or drugs.

VII. The shops and farms will be knocked down to the highest bidder, but the sale will be subject to formal confirmation of the Collector, who shall be at liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless revised by the Board of Revenue for special reasons, and will be necessary whether the sale be held by the Collector himself or by any officer appointed by him.

VIII. In case of dispute the selling officer's decision shall be final. If for any reason the highest bid is rejected, the next highest shall be taken or the shop or farm re-sold at his discretion.

IX. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit * of half a month's rent (in addition to the deposit made under clause fifth) for each shop or farm unless the initial deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him under clause III will be forfeited and the farm or shop will be put up again immediately by the selling officer on the above conditions or otherwise disposed of by the Collector and the defaulter will be debarred from bidding again for the same or for any other farm or shop.

X. Persons to whom farms and shops have been knocked down and who have made deposits as provided in clauses III and IX shall also deposit * such further sum as with the former deposits will make up two months' rent (to be paid within ten days from the date of communication of the Collector's acceptance of the bid) and shall without unnecessary delay execute the necessary engagements and take out licenses on the conditions hereinafter set forth. In the case of the purchaser's death after signing the agreement, it will be binding on his heirs and assigns. Should the initial deposit exceed the sum required to be deposited under this clause, the excess will be refunded unless the purchaser is required to deposit twice that sum under clause XI *infra*.

XI. If on enquiry subsequent to sale, the purchaser shall be found to be of doubtful solvency, he may be required either to deposit twice the sum prescribed in clause X *supra*, or to get a surety or sureties to execute a security bond for the due payment of all moneys that may become due by him under the terms of the contract. The bond shall be stamped (article 34, schedule I, Act II of 1899) and registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000.

XII. On the failure of any person to make deposit under clause X or to comply with the requisition under clause XI *supra* or to execute engagements and take out licenses as aforesaid, the deposits already made may be forfeited and the shop or farm re-sold under the orders of the Divisional Officer on the dates notified by the Collector or otherwise disposed of by the latter officer.

XIII. Re-sales effected under clause XII will be at the risk of the defaulting bidder, who will forfeit all gain, and, in the event of a loss will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposits will be deducted from the loss arising from the re-sale, and the remainder, if any, will be recoverable from the defaulter in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposits be greater than the loss by re-sale, the whole of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the privilege is disposed of otherwise than by re-sale and such disposal results in loss to Government as compared with the original sale.

XIV. The purchaser of the privilege is liable to the penalties prescribed for breaches of the conditions set forth below, though a formal license may not have been issued to him.

XV. The deposit referred to in clause X or clause XI, as the case may be, will be taken as security for the due performance of the conditions of the license. If the Tahsildar † and licensee so agree, it may be credited towards the last instalments of the rents payable by the latter.

The licenses issued under the above clauses will contain the following general conditions common to all abkári and opium licenses and the special conditions prescribed below.

General Conditions applicable to all Abkari and Opium Licenses.

1. Contract suppliers of country spirits are prohibited from holding within their contract areas any interest in the retail vend of arrack or in the vend of other intoxicating liquors such as toddy, foreign liquor and beer, and from employing any person who has such interest. This prohibition does not extend to the wholesale supply of foreign liquor or of rectified spirit to licensed vendors; nor does it prevent distillers from holding an interest in the retail sale of country spirits in areas other than those for which they have been granted the supply contract. There is no objection to contract suppliers holding ganja and opium shops either within or without their contract areas.

2. The limits within which sales under any abkári or opium license may be carried on will be specified by the Collector at the time of the grant of the license. The sale or possession (except subject to the rules applicable to unlicensed persons) of liquor, opium or intoxicating drugs outside those limits is prohibited.

3. Sales must be conducted in a suitable building of which the whole or part must be entirely set aside for use as a depot or shop. If there are means of communication between the depot or shop and an adjoining dwelling-house, they must be kept locked at night. In the case of arrack shops and taverns in Municipalities, or towns having a population of 20,000 and over the shop premises shall have no doors except into the main street; there shall be no possible means of ingress or egress in any other direction; the interior of the shop shall be sufficiently lighted by day and the shop shall not be used as a place of residence save by the vendor and his family or caretakers.

* Deposits may be in cash or other approved security.

† Includes Deputy Tahsildar in independent charge.

4. Except in the case when two or more foreign liquor licenses are held by one person, sales under such license issued must be in different premises (chemists and druggists and medical practitioners excepted). The possession upon any licensed premises of any liquor, opium or intoxicating drug except that to which the license relates, or of any essence or substance used or capable of being used for colouring or flavouring liquor is prohibited. But intoxicating drugs made from opium or the poppy other than morphia or preparations for smoking may be prepared and sold in shops licensed for the sale of opium. In shops which are clearly of a superior character private bars may be sparingly allowed by the Collector, under a special license to be granted by him free of fee, provided that the interior of the bar is wholly visible from the doorway and that the entrance to it is either through the main door of the shop or through a separate door clearly labelled, or provided with a proper signboard to show its nature.

5. A sign-board must be affixed to the front of each depot or shop showing the nature and number of the license under which sales are conducted there, the name of the licensee and (except in the case of foreign liquor) the current rate of sale. These particulars must be legibly painted in the local vernacular and, in the case of taverns and wholesale depots, in English also. The license must be hung up in a conspicuous place within.

6. All liquor, opium and intoxicating drugs sold or kept for sale shall be of good quality and unadulterated. Nothing shall be added to them either to increase their intoxicating power or for any other purpose except the manufacture of intoxicating drugs in accordance with the terms of a license. All officers authorized to inspect depots and shops (*vide* condition 25 *infra*) are authorized to detain any liquor, opium or intoxicating drug found unfit for consumption or use, or which they may believe to have been tampered with, and all Collectors and Deputy and Assistant Commissioners of the Salt, Abkári and Customs Department are empowered to destroy such as are found unfit for consumption or use.

7. The sale or transport of liquor, opium or intoxicating drugs by persons below the age of 16 or by persons suffering from leprosy or any contagious disease and the employment of such persons in shops or depots for the sale of the same are prohibited. The Divisional Officer may, where necessary, call for the names of all persons employed or proposed to be employed in depots or shops and forbid the sale of liquor, opium or intoxicating drugs by any person of whom he may disapprove.

8. No depot or shop shall be opened before sunrise or kept open after 9 P.M.* except under special authority.

9. No drunkenness, disorder or gaming shall be permitted in depots or shops. Entertainments of any kind in depots or shops are also strictly forbidden.

10. No robbers or thieves or disorderly or riotous persons shall be harboured in depots and shops. Intimation of their resort thereto shall be given to the nearest Magistrate or Police officer.

11. No person shall be harboured in any depot or shop during the night.

12. Depots and shops situated on or adjacent to the line of march must be closed, if the Collector so orders, while a regiment or detachment of European or native soldiers is passing or is encamped in the vicinity. Collectors or Divisional Officers shall have power also to close any shops temporarily in times of religious excitement or disturbance. Every depot and shop-keeper shall on his own motion close his depot or shop when there is riot or disturbance in the neighbourhood.

13. The Collectors may order the transfer of depots and shops from one locality to another or their closure or the opening of new depots and shops within limits as to number to be fixed by the Board of Revenue in their discretion. But no new shops should be opened unless notice of the sites selected has been published in the District Gazette six months before the commencement of the lease and no such changes as affect the interests of adjacent shopkeepers shall be made during the currency of a lease except under special sanction of the Board. Tahsildars may at any time permit the transfer of a shop within the limits notified for the shop in the sale notice.

14. The right is reserved to the Collector to grant "Occasional Licenses" for the sale of liquor, opium and intoxicating drugs, on the occurrence of fairs, festivals, etc., in places in the vicinity of which there are no regularly licensed shops. This power in regard to country spirits and toddy may also be exercised by Divisional Officers. Such licenses shall ordinarily be granted to the shop-keepers who usually supply the locality or to the representatives of the renter. Their period shall not exceed ten days, and the fee to be paid therefor shall be fixed at the discretion of the officer issuing licenses.

15. No liquor, opium or intoxicating drug shall be sold or given—

(a) Except at shops specially approved by the General Officer Commanding the Division (or Independent Brigade) or the Officer Commanding the Cantonment or Camp, and then only in respect to such liquors as shall be approved by the same authority in consultation with the local Excise authorities and specified in the licenses—

(1) to sailors of the Royal Navy, soldiers and the members of their families, or
(2) to any other person living in barracks;

(b) whilst on duty, to any—
(1) camp-follower, member of the Police force, or officer of the Salt, Abkari and Customs Department;
(2) servant of a Railway Company, or

(c) in any circumstances, to any—
(1) European vagrant under escort of the Police;
(2) child under fourteen years of age;
(3) insane person; or
(4) person known or believed to be intoxicated.

16. No privilege of supply or vend shall be sold, transferred or sub-rented without the Collector's previous permission. Nor, if the Collector so orders, shall any agent be appointed for the management of any such privilege without his previous approval.

17. No holder of any abkári or opium license will be allowed, without special permission from the Collector, to possess any interest in any abkári or opium license in any foreign territory or British territory in which the duty is lower, adjacent to the district in which he holds his license.

* 10 P.M. in the Madras Town.

18. Depots and shops must be kept open unless their temporary or permanent closure is authorized under condition 12 or 13 *supra* and such supply of liquor, opium or intoxicating drugs as the Collector may consider sufficient to meet local requirements must be maintained therein. Shops not opened by dates to be fixed by the Collector shall be liable to be resold at the risk of the licensees.

19. No liquor, opium or intoxicating drug shall be sold in shops except for cash. The licensee shall be bound to give intimation of the offer of anything other than cash to the nearest Magistrate or Police officer. This condition is not, however, meant to restrict credit sales in the ordinary course of business by shopkeepers or firms of standing and respectability dealing in foreign liquor for consumption off the premises.

20. No liquor, opium or intoxicating drug shall be sold either below or above such minimum * or maximum † prices as may be fixed for sale of the same in accordance with the law for the time being in force.

21. No liquor, opium or intoxicating drug in excess of the quantity prescribed ‡ for possession without a license shall be permitted to be removed by any person at any one time from any licensed premises without a valid permit; nor shall liquor or intoxicating drug be sold at wholesale depots in quantities less than the minima prescribed.

22. True accounts of transactions shall be maintained from day to day in ink in the prescribed form. § The accounts and permits shall be in printed books. The account books may be obtained from local Revenue officers on payment of cost price. The permit books can be obtained at all Circle offices on production of receipts for the payment of the cost price into a Government Treasury. Permits for liquor, opium or intoxicating drugs received and the counterfoils of permits issued must be carefully filed. The signing of blank permits for subsequent issue is prohibited. The accounts and counterfoils of permits shall be preserved for one year after the period covered by the license and shall be produced when called for by an officer not below the rank of Assistant Inspector of the Salt, Abkari and Customs Department.

23. Such returns and information as may be required by the Divisional Officer from time to time shall be furnished by holders of licenses.

24. Only such weights and measures as may from time to time be prescribed by the Commissioner of Salt, Abkári and Separate Revenue shall be possessed or used on any licensed premises, and they shall be tested and stamped by the stamping establishment of the district if the Collector shall so direct. The possession or use of weights or measures that are incorrect on any licensed premises will render the licensee liable to punishment.

25. The officers authorized to inspect licensed shops and depots are—

(1) any officer of the Revenue Department of rank not lower than Revenue Inspector, and

(2) any officer of the Salt, Abkári and Customs Department of rank not lower than Sub-Inspector.

These officers are empowered to enter and examine the premises, to test weights and measures in use and the liquor, opium and intoxicating drugs in the possession of the licensee and to call for and check the accounts kept in the shop or depot. Police officers will also make inspections when it comes within the scope of their duty.

26. An inspection note-book, with the pages numbered consecutively, for inspecting officers to enter their remarks in, shall be maintained, and be handed over to the Inspector of the Circle or any officer authorized by him to receive it on a receipt being given therefor.

27. The amount for which the privilege has been purchased shall be payable in twelve equal monthly instalments into a Government Treasury on or before the 10th‖ of each month beginning with April or October as the case may be. Fees for depots should be prepaid.

28. No remission or abatement of the rent shall be claimable on any account whatever.

29. Any sum due by a licensee may be collected ¶ under the Revenue Recovery Act or adjusted from the deposit, if any, made by him at the commencement of the lease. He shall be bound to replace any sums adjusted from his deposit within fifteen days of receipt of notice from the Tahsildar.

30. Power is further reserved to Revenue officers to suspend § licenses in case of failure of payment of kists or (in the case of toddy) tree-tax also on the due dates. In the case of arrack, toddy, ganja and beer shops and taverns, this power will be exercised by Tahsildars ¶, in the case of opium shops by Divisional officers and in other cases by the Collectors.

31. In the event of suspension of a license for failure to pay arrears, the privilege of sale will be re-sold with effect from the date of issue of license to the new purchaser or otherwise disposed of at the Collector's discretion. All losses on account of suspension and re-sale or other disposal of the privilege shall be borne by the defaulting licensee, but he shall have no right to gain, if any,

* { For liquor shops—*Vide* Board's Notification No. 11, dated 22nd July 1909.
For ganja shops—Two annas per tola of ganja.

† For Opium shops in the Ganjam, Vizagapatam and Godávari districts, and in the taluks of Narasapur, Bhimavaram, Tanuku, Ellore and Yernagudem of the Kistna district, an uniform rate of one rupee per two tolas has been fixed.

‡

Arrack.	Toddy.	Ganja.	Opium.
One sixth of a gallon except in special localities separately notified, wherein it is generally one dram.	One gallon except in special localities separately notified, where it is one dram in the Kurnool Municipality eight drams.	Five tolas of ganja or charas, one mar of bhang and preparations or admixtures containing the above quantities.	In the Agencies of Ganjam, Vizagapatam and Godávari, any quantity up to such limit not exceeding six tolas as the Board may, from time to time, prescribe and elsewhere three tolas of opium or preparations therefrom other than morphia or preparations for smoking, five seers of poppy heads.

§ The only toddy shops to which this condition applies at present are those in the Madras Town Circle.

‖ Shops not liable to be resold for failure to pay kists only after the 20th. In the meantime, interest will be levied. In the Madras Town, however, separate orders are in force.

¶ Includes Deputy Tahsildars on deputation charge.

which accrues. The whole of the deposit, if any, made at the commencement of the lease will be liable to forfeiture. The officer who has power to suspend the license may, however, at his discretion allow sales to continue pending re-sale or other disposal of the privilege.

32. Interest on all moneys due shall be payable at the rate of 6 per cent per annum

33. Infraction of any of the conditions of the license either by a licensee or by any person in his employment will entail on the licensee—

Either (a) fine up to Rs. 50,

or (b) forfeiture of deposits, if any, and cancellation of license and re-sale or other disposal of the privilege at the risk of the licensee.

The licensee or his agent may also be prosecuted for the specific offence committed

The rent for the whole lease shall become due at once, when a lease is cancelled under this condition.

Note.—For continuing breaches of a license, continuing fines may be imposed.

34. Any license may be forfeited and the privilege be re-sold or otherwise disposed of at the risk of the licensee if the licensee be convicted before a Magistrate of any offence against the Abkári / Opium Act, or of any offence under the Indian Penal Code, which in the Collector's opinion renders him unfit to hold it. The purchaser of a privilege is liable to the penalties prescribed in this condition if he is convicted of any such offence as above contemplated after the confirmation of the sale of the privilege to him though before issue of a formal license. Forfeiture of any license under this clause shall involve forfeiture of the balance of all deposits after payment to Government of all sums due under the lease.

35. Licensees are bound to report to the Divisional Officer all instances which come to their knowledge of persons employed by them in the manufacture, carriage or sale of liquor, opium and intoxicating drugs, committing breaches of the Abkári / Opium laws or of engagements entered into by them and to comply with the Divisional Officer's orders respecting the continued employment of such persons. No persons who have been convicted under the Indian Penal Code shall be employed in the carriage or sale of liquor, opium and intoxicating drugs without the Collector's previous permission.

36. Pecuniary dealings by licensees of any kind whatever with officials of the Salt, Abkári and Customs Department are absolutely prohibited.

37. With the sanction of the Board of Revenue, any license shall be revocable by the Collector at his discretion on giving the licensee fifteen days' notice of such revocation, in which case a proportionate part of the fee paid will be refunded.

38. All licensees shall be bound by any additional general rules that may be prescribed under the Abkári / Opium laws and, if so required by the Collector or any officer authorized by him, to deliver up their licenses for amendment or for the issue of fresh ones.

Conditions applicable to Toddy Licenses

1 The privilege conferred extends only to the sale of toddy

2 Toddy required for sale should be drawn under separate tree-tapping licenses to be obtained under the tree-tax rules from toddy trees in the tract in which the shop is situated or in any other tract in which the rates of tree-tax are not lower, subject to the discretion of the officer granting transport permits.

3. No toddy except the produce of trees, for the tapping of which a license has been issued, shall be kept in the shop, offered for sale or sold.

4. Tree-tapping licenses must be taken out and the shop opened within a reasonable period to be fixed by the Collector.

5. The Collector will fix the maximum number of trees to be entered in original applications for tree-tapping licenses.

6. Toddy may be imported from Native States for sale in toddy shops in toun case of the following districts :—

From His Highness the Nizam's Dominions into Bellary on payment of a duty of *one anna six pies per gallon* and from Native Cochin into the Cochin taluk of the Malabar district on payment of a duty of *one anna* per gallon.

7. Toddy shopkeepers in districts adjoining the Mysore territory will also be allowed to tap trees in Mysore for the supply of toddy to their shops on payment of tree-tax into British treasuries Toddy shopkeepers in British territory adjoining the Banganapalle State will be allowed to tap trees in the State on payment of tree-tax. Similarly those in the Banganapalle State will be allowed to tap trees in the adjoining British territory.

8. The license confers no right to the *free use* of any trees

9. Arrangements for tapping private trees must be made with the owners thereof and tree-tax at the prescribed rates paid thereon

10. The licensee shall be responsible to Government for all payments of instalments of fees due on account of tree-tapping licenses granted on his application in his own name or in the names of his nominees under the conditions set forth therein and in the rules relating thereto.

11. The distillation of spirits from toddy is absolutely prohibited

12. Permits for the transport of toddy from shops to stills will be granted, at the discretion of the officer concerned, in the Cochin taluk of Malabar.

13. No sweet toddy, even if it be the produce of marked trees on which tree-tax has been paid, shall be kept or sold in the shop, nor shall any sweet toddy be mixed or allowed to be mixed with fermented toddy drawn from trees marked for the shop either in the shop or outside it.

Board of Revenue (Separate Revenue),
Madras, 27th July 1909.

SUPPLEMENT TO PART II

OF

THE FORT ST. GEORGE GAZETTE.

No 31.] MADRAS, TUESDAY EVENING, AUGUST 3, 1909. [Price, 6 nps

MADRAS PORT TRUST.

MINUTES OF MEETINGS.

Minutes of a Board Meeting, No. 9 of 1909-1910, held on the 16th July 1909.

PRESENT:

Mr. F. J. R. Spring, C.I.E., *Chairman.*

Mr C. G Todhunter, I.C.S.
Mr. S. D Pears.
Mr W. Ure.
Mr. A. Schull.
Mr. C. B. Simpson.
Mr. A. R. Anderson.
Mr. J. O. Robinson.
Muhammad Abdul Kuddus Badsha Sahib
M.R.Ry. Rao Bahadur M. Venkatasawmy Naidu Garu.
M.R.Ry. Rao Bahadur G. Narayanasawmy Chetty Garu.

112. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Friday, 2nd July 1909.

113. Read a draft letter to Government by the Chairman asking how Government intended that G.O., No 186, dated the 10th June 1909, should be interpreted, and intimating how the Board would wish it interpreted.

Resolved that the draft be accepted.

114. Read note by the Trust's Chief Engineer recommending that full-pay leave for twenty seven days (from the 10th June to 8th July 1909) be granted to Mr. A. G Blum, Navigating Officer of the "Triton", when he was ill in the General Hospital.

Resolved that Mr. A. G. Blum be granted leave on full pay from the 10th of June to the 9th of July 1909, both days inclusive.

115 Read note by the Traffic Manager, dated 9th July 1909, suggesting, for reasons given, that the progressive appointment (Rs. 60—4—80) No. 10 in the Trust's staff schedule be converted into one on fixed pay of Rs 80 per mensem.

Resolved that the new occupant of appointment No. 10 in the Trust's staff be permitted to draw Rs 80, the highest pay in the progressive appointment, because he has been earning Rs 80 in the Trust's employment elsewhere.

116. Read note by the Chairman submitting three estimates for—

		Rs
(a)	Permanent way	94,000
(b)	Roads and earthwork	17,000
(c)	Water-supply	18,000
	Total ..	1,29,000

Resolved that the plan and estimates be approved and that Government be addressed with a view to their sanctioning the first of the three estimates and permitting all three of them to be debited to Capital, and that the proposition statement showing how funds are proposed to be provided and proposing other alterations in the sanctioned grants, be approved and submitted to Government.

117. Read again Board's Resolution No 5, dated 2nd April 1909. Read also a note by the Chief Engineer.

Resolved that Mr F. Seaward be confirmed, as from the 1st July 1909, in his appointment as Foreman Mechanic, on the terms settled in above-quoted resolution.

118. Read again Board's letter to Government No 6620, dated the 17th December 1907, and the Chief Engineer's correspondence with the Military authorities ending with Assistant Commanding Royal Engineer's, Madras, letter No 3593, dated 14th July 1909

Resolved that Government be asked, in terms of the Chairman's draft letter, to place the Port Trust in possession of the small plot of land referred to in G.O. No 322, dated thirst December 1908, in addition to the large plot asked for in the Board's letter read above.

119. Recorded G.O. No 197, Marine, dated 10th June 1909 approving the revised schedule of harbour dues and directing its publication in the *Fort St. George Gazette*.

120. The following statement comparing harbour dues collected in and up to the end of June 1908, with those for the corresponding period of the previous year was ordered to be recorded :—

Statement showing the amount of dues collected during the month of June 1909.

	1908.	1909.

The Standard Barometer and Thermometers are read at 8 A.M., 10 A.M., 4 P.M. and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain, and general weather registered are for the current Civil Day—from midnight to midnight

The total quantity of rain collected since January 1st is 27·87 inches, the average due for the same period being 16·42 inches

DISTRICT REPORTS.

GANJAM.

Water-supply generally sufficient. Serada and Rasalkonda reservoirs 22·85 and 46·2 feet deep respectively. Sowing of paddy, planting of sugarcane and transplanting of ragi and paddy in progress in parts. Standing crops fair. Harvested gingelly, paddy, blackgram, chamai and ragi; outturn fair. Pasture and fodder sufficient. Condition of cattle generally good. Rainfall of the district 12·8 inches above the average of the last 35 years.

VIZAGAPATAM.

Water-supply sufficient. Sowing of paddy and ragi and transplanting of paddy, cholam and ragi in progress in parts. Standing crops fair. Harvested paddy, chamai and cumbu, outturn fair; korra, gingelly and ragi fair to bumper. Pasture and fodder sufficient. Condition of cattle good.

GODAVARI.

Water-supply sufficient. Godavari 5·9 feet above the anikat. Ploughing, transplanting of paddy and ragi and weeding in progress in parts. Standing crops fair. Pasture and fodder generally sufficient. Condition of cattle generally good. Rainfall of the district 6·6 inches above the average of the last 35 years.

KISTNA.

Water-supply sufficient. Kistna 11·0 feet above the anikat. Ploughing and transplanting in progress. Standing crops generally good. Pasture generally sufficient; fodder scarce in parts of one taluk. Condition of cattle generally good. Rainfall of the district 4·7 inches above the average of the last 35 years.

GUNTUR.

Water-supply sufficient except in parts of four taluks. Ploughing, sowing, and transplanting of paddy in progress. Standing crops fair. Pasture available except in two taluks; fodder sufficient except in one taluk. Condition of cattle good. Rainfall of the districts 2·4 inches above the average of the last 36 years.

KURNOOL.

Water-supply insufficient. Tungabhadra 3·63 feet above the anikat. Ploughing and sowing of cumbu, korra, cotton, castors, areca, cholam, and paddy and weeding in progress in parts. Standing crops good, more rain is required in parts of two taluks. Pasture sprouting; fodder sufficient. Condition of cattle generally good.

BANGANAPALLE.

Water-supply insufficient except under springs. Ploughing and sowing of cholam continue. Pasture scanty, but fodder sufficient. Condition of cattle good.

BELLARY.

Water-supply insufficient except in parts. Sowing of paddy, early crops, pulses and cumbu, removing of *nalla* grass, weeding and transplanting of chillies and ragi in progress in parts. Standing crops fair to good, but early crops require more rain in four taluks and are affected by insects in parts of two other taluks. Harvested cholam under wells; outturn normal. Pasture available in parts of five taluks, but scanty elsewhere; fodder sufficient except in parts of one taluk. Condition of cattle generally good.

SANDUR.

Water-supply insufficient. Weeding and sowing of korra and oil seeds in progress. Standing crops good, but cholam, cumbu and pulses are either withering or have been diseased in parts. Pasture and fodder available. Condition of cattle fair.

ANANTAPUR.

Water-supply insufficient. Sowing of paddy, korra, chama, cotton, ragi, cumbu and castor, transplanting and weeding of ragi going on in parts. Standing crops fair but require more rain in parts. Harvested ragi in parts; outturn fair. Pasture scarce in parts but fodder generally available. Condition of cattle fair. Rainfall of the district 0·3 inch above the average of the last 35 years.

CUDDAPAH.

Water-supply sufficient except in parts. Ploughing and sowing of cumbu and paddy going on in parts. Standing crops fair. Harvested paddy, indigo and tobacco in parts; outturn fair to normal; cholam and cumbu fair. Pasture and fodder insufficient in parts. Condition of cattle generally good. Rainfall of the district 0·8 inch above the average of the last 35 years.

NELLORE.

Water-supply insufficient except in parts. Depth of water over the Nellore and Sangam anikuts 4 feet and nil respectively. Ploughing, and sowing of paddy, cholam, cotton, oilseeds, korra and areca in progress in parts. Standing crops generally thriving. Harvested paddy in parts; outturn bad to normal; cholam fair to normal. Pasture insufficient except in parts, and fodder sufficient. Condition of cattle generally good. Rainfall of the district 2·1 inches above the average of the last 35 years.

CHINGLEPUT.

Water-supply sufficient. Ploughing, sowing of paddy, ground-nut and gingelly, transplanting of paddy and ragi and weeding of paddy, ragi and cumbu going on in parts. Standing crops fair. Harvested paddy in parts, cutturn fair. Pasture and fodder generally available. Condition of cattle generally good. Rainfall of the district 4·8 inches above the average of the last 35 years.

MADRAS.

Pasture sufficient. Rainfall of the district 24·9 inches above the average of 30 years ending 1896.

SOUTH ARCOT.

Water-supply sufficient except in parts. Ploughing, manuring, sowing, baling, transplanting of ragi and weeding of paddy, cumbu, ground-nut, sugarcane and ragi going on. Standing crops fair. Harvested paddy, cumbu, cholam, ground-nut, gingelly and indigo in parts; outturn fair. Pasture sufficient and fodder available. Condition of cattle generally good. Rainfall of the district 2·2 inches above the average of the last 35 years.

NORTH ARCOT.

Water-supply sufficient except in parts. Ploughing, sowing, transplanting and weeding of paddy and ragi and baling going on in parts. Standing crops fair but require more rain in parts. Harvested paddy and ragi, outturn generally fair. Pasture available, but fodder scanty in parts. Condition of cattle generally good. Rainfall of the district 2·8 inches above the average of the last 35 years.

SALEM.

Water-supply insufficient except in parts. Ploughing, sowing of cholam, cumbu, ground-nut, gingelly, paddy and ragi, transplanting of paddy and ragi and weeding of paddy and ground-nut going on. Standing crops fair but require more rain. Harvested ragi and gingelly, outturn bad to normal; paddy, poor to normal; cholam and cumbu, fair to normal. Pasture and fodder generally available. Condition of cattle generally good. Rainfall of the district 0·2 inch above the average of the last 35 years.

COIMBATORE.

Water-supply sufficient except in parts. Full floods in the Cauvery and freshes in the other rivers. Ploughing, sowing of paddy, ragi, sugarcane and cumbu and transplanting of paddy and ragi going on. Standing crops fair to good but in need of rain in parts of four taluks. Harvested cholam and cumbu, outturn fair to normal in parts. Pasture generally insufficient and fodder available. Condition of cattle good.

TRICHINOPOLY.

Water-supply generally sufficient. Flow over the Grand Anikat 3·4 feet. Sowing of paddy, ragi and cholam and transplanting of paddy in progress in parts. Standing crops fair. Harvested cumbu in parts over small areas; outturn fair. Pasture scanty but fodder sufficient. Condition of cattle fair. Rainfall of the district 1·3 inches above the average of the last 35 years.

TANJORE.

Water-supply sufficient except in one taluk. Cauvery 3·4 feet above the Grand Anikat. Cultivation of paddy, sowing of ragi, maize and cumbu and transplanting of paddy and ragi going on. Standing crops generally fair. Pasture generally sufficient and fodder available. Condition of cattle generally good.

PUDUKKOTTAI.

Water-supply sufficient except in parts. Transplanting of paddy in progress in parts. Standing crops withering for want of rain in parts. Pasture and fodder sufficient except in parts. Condition of cattle good.

MADURA.

Water-supply sufficient in parts. Ploughing for paddy, ragi, cholam and cumbu, sowing of cholam and transplanting of paddy and ragi going on. Standing crops fair except in parts where they are withering. Harvested paddy, cholam and cumbu; outturn poor to fair. Pasture generally sufficient and fodder procurable. Condition of cattle generally fair. Rainfall of the district 1·4 inches above the average of the last 35 years.

TINNEVELLY.

Water-supply insufficient in parts. There was flow over the Srivaikuntam anikat for two days. Ploughing, transplanting and weeding of paddy in progress in parts. Standing crops good. Harvested paddy, cholam and ragi, outturn fair; gingelly, good. Pasture scanty but fodder available. Condition of cattle generally good. Rainfall of the district 0·6 inch above the average of the last 35 years.

MALABAR.

Water-supply sufficient. Transplanting and weeding of paddy over. Standing crops fair. Pasture sufficient and fodder available. Condition of cattle generally good. Rainfall of the district 22·7 inches above the average of the last 35 years.

SOUTH CANARA.

Water-supply sufficient. Ploughing, sowing and transplanting of first rice crop almost completed. Standing crops generally good. Pasture sufficient and fodder available. Condition of cattle generally good. Rainfall of the district 22·5 inches above the average of the last 35 years.

TRAVANCORE.

Water-supply sufficient. Crops growing. Pasture sufficient. Condition of cattle good.

COCHIN.

Water-supply sufficient. Standing crops fair. Pasture and fodder sufficient. Condition of cattle good.

THE NILGIRIS.

Water-supply sufficient. Weeding, pruning, pitting and transplanting for main crops going on. Standing crops fair. Harvested-coffee, tea and cumei; outturn fair. Pasture and fodder sufficient. Condition of cattle fair. Rainfall of the district 12·0 inches above the average of the last 35 years.

SEASON TELEGRAM TO THE GOVERNMENT OF INDIA, REVENUE AND AGRICULTURAL DEPARTMENT, SIMLA.

Week ending 31st July 1909.—Rainfall very heavy South Canara, Malabar; heavy Vizagapatam Agency, Nilgiris, Ganjam; good Kistna, Godavari, Guntur, Madras, Kurnool; *nil* Trichinopoly, Madura; light to fair elsewhere.
